## CITRUS CROP TO BRING \$15,000,000; TREATY TO BE GIVEN NEXT CONGRESS

### GROWERS IN COUNTY TO GET HUGE RETURNS

About \$1,250,000 a Month to Be Received When Shipments End

GREATEST YIELD IN HISTORY IS ENJOYED

Prices Are Satisfactory and Prospects For Next Season Bright

**GOLDEN** dollars will have rolled into Orange county at the rate of \$1,250,000 per month from the citrus crop alone when the last shipments for the year are completed and the financial returns are received, according to estimates today based on cash returns and consignments so far this year. The grand total will be close to \$15,000,000, with chances in favor of exceeding this amount a little.

The Northern Orange County Fruit exchange will handle about \$6,000,000 of that amount and the Orange County Fruit Exchange, embracing that portion of the county lying south and east of the Santa Ana river and including the Garden Grove district, will have returns of about \$5,500,000. This will make a total of \$11,500,000 for the two exchange districts. It is estimated that independent shippers will handle about 30 per cent of the yield, or \$3,450,000, making the grand total \$14,950,000, close enough to call it an even \$15,000,000. Difference in possible returns on the crop yet to ship and the prices estimated at this time, may make up or exceed the \$50,000 necessary to equal the even amount.

**Big Crop, High Prices**  
The increase in the yield, with prices that are considered remarkable in view of the large crop, is responsible for the big increase in financial returns. Prices obtaining throughout the year have been highly satisfactory, although the extreme high prices prevailing during the "flu" rage last year have not been approached.

The Orange County Fruit Exchange already has received approximately \$5,000,000 in cash for a total of about 2400 cars. Returns from 500 cars are yet to be received and it is estimated there are about 300 cars to be shipped before the crop is cleaned up.

The Northern Orange County Fruit Exchange will ship between 150 and 200 cars more than the southern exchange, and Manager D. R. King today stated that he believed the returns in the northern exchange would approximate \$6,000,000.

"The prices that have obtained this year have been remarkable, when it is considered that the yield is the largest in the history of the county," said L. D. Palmer, manager of the southern exchange, this morning. "I have never seen Valencia's grow so fast as they did last summer. They made a big growth during the summer with the fruit developing into large sizes, increasing the number of boxes."

**Good Crop Setting**  
"The crop now setting is very promising, but I don't believe it will equal

### Pan-German Activity For Hindenburg Is Watched Closely

LONDON, Nov. 20.—Events in Berlin, where Pan-Germans were reported to be making a supreme effort to rally all reactionary elements around Field Marshal von Hindenburg, to the embarrassment of the German republican government, were receiving close attention in official circles in London and Paris today.

The peace conference, it was learned, is keeping in close touch with the German situation and is preparing precautionary measures in view of the pro-Hindenburg demonstrations.

The British attorney general has returned from Paris after a discussion with the peace conference up on the British plan to bring the former kaiser to trial.

### BATTLE ON WAR PROHIBITION IS BEGUN

WASHINGTON, Nov. 20.—Attorneys for the liquor interests and the government began their battle over the constitutionality of war time prohibition before the supreme court today.

The opening move was a request from Wayne Wheeler, counsel for the Anti Saloon League to file a brief in support of the government. The request was granted by Chief Justice White.

The courtroom was crowded to capacity. Outside a throng lined up for a block waiting to gain entrance. Elihu Root, Levy Mayer and W. M. Bullitt were in the court behind a mass of papers to make the argument for the liquor interests. Assistant Attorney General Frierson was ready to make the main argument for the government, assisted by Solicitor General J. King. The Anti Saloon League in its brief claimed that prohibition was necessary to the welfare of the country.

"The brewers," the brief said, "were using 54,000,000 pounds of sugar a year and enough grain to feed 7,000,000 people a year. The brewers in 1917 used 17,000,000 tons of coal and 200,000 freight cars."

Frierson made the opening argument. Mayer, liquor attorney, sought to obtain time for more argument but was refused.

"Present circumstances," Frierson said, "have made it necessary to keep the prohibition order in effect."

"Wasn't war time prohibition signed after the armistice," Justice McReynolds asked.

"Yes," replied Frierson.

"And you contend that it was exercise of a war power?"

"Yes sir, because the war is not ended until the treaty is adopted."

"Suppose the treaty is never put into effect, would you continue it forever?"

"It must be continued until there is some act by the president or congress officially ending the war," Frierson answered.

### BRITISH-U. S. TREATY LEAGUE'S EQUIVALENT

EDINBURGH, Nov. 20.—The British-American arbitration treaty will be the equivalent of the League of Nations, in the last analysis, American Ambassador Davis declared in an address to the Scottish-American Association here late yesterday.

"The League of Nations merely is an effort to make universal those ideas, principles and customs, which America and Great Britain have fostered," Davis told the association.

### TREATY IN EFFECT BY DECEMBER 1, DECISION

PARIS, Nov. 20.—The peace treaty will become effective by December 1, the supreme council decided today.

Nations which have accepted the treaty will exchange formal ratifications in time for the pact to become effective on that date.

### TRAIN BANDIT OUTGUESSES 7 POSSES, TROOPS

Search For Escaped Convict Is Greatest Man Hunt Staged In West

DENVER, Colo., Nov. 20.—William Carlisle today had outguessed seven posses, a troop of United States cavalry and the keenest sleuths of the Union Pacific railroad, hunting him for train robbery following his escape from Rawlins penitentiary in a wooden box.

The latest authentic clue to Carlisle's whereabouts came from Casper, Wyo., where he was said to have entered a newspaper office and nervily inquired how the chase was progressing.

Another theory that he had entered Denver on a Union Pacific freight train caused the local police to throw out a dragnet.

Carlisle is conceded by authorities to be the most daring train bandit ever operating in this region. The search for the escaped convict is the biggest man hunt ever staged in the West.

The Casper report did not surprise law officers, because in 1916, before he was caught following three successful train robberies, Carlisle had forced an armed train guard to "pass the hat" in one holdup, robbed another train after informing Union Pacific officials of his plans, and kept an admiring public laughing at his pursuers with his letters to newspapers.

**Like Other Exploits**  
His escape from prison in a shirt packing case and his singlehanded holdup of a Los Angeles limited train Tuesday, despite the presence of an armed guard on the train, were on a par with his former exploits.

The man hunt today still centered at Medicine Bow, Wyoming, near which town Carlisle leaped from the limited train after walking among the passengers of a tourist sleeper and collecting \$400. The cavalry and posses there are quartered in the Virginian Hotel, the setting of Owen Wister's famous novel, "The Virginians."

**Robbers' Roost**, the wild country below the Laramie river, is being combed by posses. In the caves and canyons of Robbers' Roost outlaws have escaped capture.

The bad lands of the Jackson Hole country to the northwest are also being watched for signs of Carlisle.

**Believed Near Railroad**  
But the general belief is that he is not far from the railroad lines in Wyoming, or is in hiding with friends.

Carlisle's success in robbing four Union Pacific trains is partly attributed to his knowledge of the railroad's movements.

(Continued on page two.)

### MAY MODIFY RESOLUTION FOR NEXT SESSION

Measure to Declare War at End to Complicate Fight, Senators Believe

By RAYMOND CLAPPER (United Press Staff Correspondent)

WASHINGTON, Nov. 20.—President Wilson is expected to submit the beaten peace treaty to the next session of congress, starting December 1, in another attempt to obtain its ratification.

The treaty is dead today, so far as the senate is concerned. It went back to Wilson, following failure of ratification votes at the spectacular final session last night. The Lodge resolution of ratification containing reservations was turned down, 41 to 51. The resolution of unqualified ratification was defeated 38 to 53.

Senator Hitchcock, who handled the administration forces during the fight just ended, declared today Wilson would submit the treaty to the next session.

Compromise will then be heard on the basis of the Lodge reservations slightly modified, Republican senators of the "mild reservationist" group said today.

Failure to ratify the treaty at the special session marked the end of the first sitting of the new Republican congress, which began May 19.

**Domestic Legislation Fails**  
What was to have been the great reconstruction session struck an early snag in the treaty and all attempts to enact a program of domestic legislation to put the country back on a peace time basis failed.

Pressing reconstruction questions on which congress failed to act include:

Return of the railroads, reorganization of the army on a peace basis, repeal of war time luxury taxes, establishment of a merchant marine policy, opening of public lands for soldier settlement, development of water power sites on public lands, opening up of oil, coal and phosphate lands, government control of the meat packing industry and revision of the court martial system.

When congress comes back December 1, action on these measures will still be blocked until the treaty is disposed of. Senate leaders expect to push for prompt action on the treaty to clear the way for domestic legislation.

Early next year the national campaign will be shaping up and the Republican congress wants to be ready to face the country with some of its proposed domestic legislation enacted.

Complicating the treaty fight next year will be the election of a new president.

(Continued on page two.)

### Britain To Give American Princess Million Dollars

Former Oakland Woman to Get Money From Estate of Late Husband

OAKLAND, Nov. 20.—Princess Oia Hassan, formerly Miss Pearl Oia Humphrey, is smiling most of the time now and she has a good reason. The British government is going to give her one million dollars.

The princess gained her title when she married Prince Ibrahim Hassan, cousin of the deposed Khedive of Egypt. He is dead and the money is coming from his estate, which is in the hands of the British government and will be settled soon.

Princess Oia is the daughter of a furniture manufacturer and captivated the prince while on the stage. She played in a number of Broadway successes in New York under the stage name of Oia Humphrey. She says she will remain in America and stay most of the time in California, enjoying her fortune.

### CALIFORNIA DASHES ON MUD, HITS PILES

Huge Dreadnaught Not Hurt, Is Belief and Can Be Floated Easily

SHIP CHRISTENED BY GOVERNOR'S DAUGHTER

State Executive Addresses Throng; Society Outpouring Marks Ceremonies

MARE ISLAND, Cal., Nov. 20.—The superdreadnaught California, which was launched shortly after noon, stranded on the mud flat on the Vallejo side of the channel. Powerful speed-checking devices were not strong enough to prevent the vessel dashing into the mud and tearing down a number of piles. The California is not damaged it is believed.

As it slipped down the ways it gathered a speed of 12 knots and momentum enough to carry it two miles in smooth water.

The California, which is 624 feet long, had only 1200 feet of open water ahead.

Little difficulty will be experienced in towing the California off the mud flats and the launching despite the unfortunate incident is considered a success. The launching was made the occasion of a brilliant outpouring of society.

The ship was christened by Mrs. Randolph T. Zane, of Los Angeles, daughter of Governor William D. Stephens, and widow of Mayor Zane.

**Governor Makes Address**  
"What deeds will be enacted on her decks we may not say, but that the California will never lower her flag to a foe or become an engine of oppression to the weak and defenseless, we are assured," declared Governor Stephens, speaking at the launching.

He voiced the axiom that the California, a terrible engine of war, is built in the hope of peace.

"We are assembled here at this time to commit to the waters of the Pacific the newest and the greatest fighting machine of the American navy," the Governor said. "Measured in terms of up-to-date efficiency, this ship will be the most powerful afloat. We are especially satisfied that this noble vessel, magnificent exponent of the shipbuilders' art, that it is, has developed her splendid lines and will become as it were a living thing here in our home seas. She stands today a splendid tribute to her builders as she rests in these tranquil waters."

Today we entrust this great ship to the great ocean that washes our shores, and we now and here dedicate her to the service of our country.

**Stands For Liberty**  
"Resting at anchor in our own home harbors," the Governor continued, "this battleship will symbolize the majesty of the free government that called her into being—a government that insists upon justice and stands for liberty under law. This great triumph of the builders' art will take her place in the navy of a country that never lowered her colors to a foe. She will be manned by officers and men whose love of country is deep, sincere and mastering. And as she goes out through our own Golden Gate upon the high seas in all her power, beauty and perfection, carrying on her decks men whose hearts beat true to the ideal of a great free people, the benison of our good wishes

(Continued on page two.)

### 3 KILLED, GIRL HURT IN L. A. AUTO CRASH

LOS ANGELES, Cal., Nov. 20.—Three persons were killed and one woman, was seriously injured early today, when their automobile crashed into a Pacific Electric freight train at Twenty-fifth and Alameda streets. The dead are:

Paul B. Copeland, 35, travelling salesman from New York.

Walter J. Ryan, 32, travelling salesman from New York.

Wm. Buell, chauffeur, Los Angeles.

Peggy Perry, 28, pretty motion picture actress, of Los Angeles suffered a broken leg and painful burns which resulted when the automobile caught fire after the wreck.

The train crew fought the flames burning the automobile for fifteen minutes before they were able to rescue the injured and release the bodies of those killed. Copeland and Buell were killed instantly while Ryan died a few hours later at the emergency hospital.

All of the dead were terribly burned in addition to their injuries.

### STEAMER IN DISTRESS SAYS WIRELESS CALL

NEW YORK, Nov. 20.—Wireless calls from the steamer Roman early today reported her in distress 350 miles off this port, with her steering gear disabled.

The Roman, a freighter of 2,343 tons, formerly in service on the Great Lakes, left here Sunday with a general cargo valued at \$1,000,000 for Marseilles. She carried a crew of forty.

### The Register's Happier Christmas Club

**THE** Register is organizing a Happier Christmas Club. All you have to do to join it is to resolve to do so—to do in spirit—just to say "I am a member" and act accordingly.

Christmas is a festival that appeals to everyone. Its chief charm lies in its simplicity. Everyone can understand Christmas—it is a festival that appeals to the big heart of the whole world.

This will be the happiest Christmas the world has ever known. The biggest war of all history left the whole world stunned. Last year was too near the crisis for us to quite throw off the sorrow.

But this year—all is different. Of course prices are high. But most of us have money to spend. Let's spend some of it in giving joy and pleasure to

others. Make up your Christmas list now. Sit right down today and make up your Christmas list. Think of every one in your family first. Then jot down the names of those to whom a simple gift would bring endless joy and pleasure.

Write them all down. Don't leave out a solitary name. Remember as many as you can with a gift—for little do you realize the year-round joy that is contained in a tiny tissue paper wrapper.

But if your means are low, a simple little card or a telephone message on Christmas morning will cost you nothing. But it will mean a lot to know that you haven't overlooked a single name this Christmas.

Yours for a Merrier Christmas,  
The Register's Happier Christmas Club.

### TUSTIN K. P. GOING TO PRESENT GREAT PLAY

Tustin K. P. is preparing to stage a dramatic attraction. On Thursday evening, Dec. 4, in the school auditorium it will give an elaborate production of the great play "Damon and Pythias." A cast of fifty people is being carefully trained for this occasion. The play is recognized as one of the greatest acting plays before the public and it has stood the test of time without losing in the slightest measure, its popularity.

The story is replete with heart interest, tense situations and stirring climaxes. While it is one that requires artistic acting, the local cast in whose hands it has been placed will surprise their many friends by the naturalness and ease with which they take the various roles. William Morton Rasmus, well known as an interpreter of classic drama, is carefully rehearsing the cast.

The grand chancellor of the Knights of Pythias of California, C. W. Guerin, will be the honored guest of the occasion. Many people of Tustin are taking a great interest in this dramatic event.

### GUN CLUB WILL HOLD ANNUAL TURKEY SHOOT

The Orange Gun Club is arranging for its annual turkey shoot at the range on the old road to Orange County Park next Sunday. The shoot will commence at 10 a. m.

### JOHNSON MAY FIGHT IN ENEMY TERRITORY

NEW YORK, Nov. 20.—Ban Johnson's fight for the upper hand in the American league may be fought on "enemy territory."

The annual meeting will be held here December 19 instead of in Chicago, if the board of directors has its way.

In a session that lasted until late last night, Colonel Rupert, Charles Comiskey and Harry Frazee, three members of the board hurled several broadsides at the league chief.

An imposing array of legal talent at the meeting construed the supreme court decision in the Mays case as meaning that the supreme authority of the league is vested in the board of directors and not the president.

#### SELLS HOME.

Mrs. Anna Owens has sold her home at 720 Minter to Chas. Durkee, a recent arrival here from Nebraska. Mrs. Owens will give possession next Tuesday.

#### FIVE LIEN SUITS FILED.

In five lien foreclosure suits which were on file today, W. J. Hole, H. V. Weiss, Charles H. Elmendorf, Mary E. Egan and Warren B. Craig were defendants. The actions were brought by Fred Hoffman, through Attorney George W. Perkins.

#### TO SEEK DIVORCE.

With William P. Webb, Jr. as his attorney, William Horton Kennedy will seek a divorce from Ada Lusky Kennedy, through a suit which was on file today.

## HIGH SCHOOL CADET BAND BENEFIT

## TEMPLE THEATRE

Monday and Tuesday, Nov. 24th and 25th, at 8 P. M.

### PROGRAM

- 1—Music by the High School Cadet 40-Piece Band.
- 2—Music by the High School Orchestra.
- 3—Beautiful Tableau—Athena Club.
- 4—Songs by Boys' and Girls' Glee Clubs.
- 5—Spring Song, "Mora of the May," and "Welcome Home" song, composed by Mr. Gustlin, head of Music Dept., and sung by Mrs. Russell Coleman.
- 6—Cornet Solo—Julian Mathews.
- 7—Interesting scenes from "Rio Van Winkle," featuring Captain Carrier and Miss Scott.
- 8—"Rasmus Biddle," by Ernest Crozier Phillips, instructor of drama.

It's a dandy—the proceeds are to be used to buy OUR High School Band Boys Good Looking Uniforms.

Get your tickets early. On sale at Sam Stein's. Adults, 50 cents—Students and children under 12, 35 cents.

## CALIFORNIA HUGE DREADNAUGHT LAUNCHED

Ship Dashes on Mud Flats  
But Is Not Damaged;  
Big Crowd Present

(Continued from page one)

and unfeigned affection will accompany them and remain with them in the paths of peace as long as peace shall be the way of honor.

"And if war shall ever come again, and the defenders of the nation again be enrolled may the California proudly do her part and carve for herself a record that will thrill all who love courage and brave justice."

"None can say what awaits this noblest of ships. She has been built for war. May she, indeed, prove a deterrent of war. May the heroes who shall be called to make of her their home in service of their country, fully measure up to the splendid traditions of a navy that has always been ready when called."

#### Roof Against Torpedoes

Electrically driven, and said to be proof against torpedoes and mines, the California represents the last word in naval perfection. She carries the greatest armament of any vessel in the world.

The California has twelve 14-inch guns, four submerged torpedo tubes, 25 two-inch rapid-fire guns, four 6-pounders, two 1-pounders, four 3-inch small caliber. The ship will be manned by 1,022 men and 58 officers.

The keel of the California was laid October 25, 1915, but during the war work was diverted to smaller vessels to combat submarines. The work was rapidly completed after fighting ceased. The dimensions of the ship are:

Length over all, 624 feet; breadth, 96 feet; depth, 47 feet, 2 inches; mean draught, 30 feet, 5 inches; displacement, 32,000 tons. She will make 21 knots and has a normal fuel capacity of 1,900 tons.

The California is a veritable electrical ship. From firing of guns to ventilation, all is done electrically. Her protection is said by naval experts to approximate 30 per cent over the best of pre-war battleships.

#### Speed Reducing Device

The electrical propelling machinery on the California is really a speed reducing device, and performs a function somewhat like that of a gear shift on an ordinary automobile. Screw propellers are most efficient at slow speed, whereas steam turbines are most efficient at high speed.

Energy to drive the California will be taken on board in the form of crude oil. The oil nozzles under the boilers are adjusted to mix air with the oil so that the oil will burn completely without smoke. However, if it is desired to throw a smoke screen, by merely increasing the oil supply, inky blackness will vomit from the California's single smokestack.

There are to be eight steam boilers, each in separate water-tight compartment. From the boilers, steam pipes blackness will vomit from the California, capable of developing 15,000 horsepower.

From each of the two generators, large copper cables convey the electricity to the control board, which is equipped with levers whereby the engineers will control the electrical propelling machinery. One engineer standing at the control board can start the vessel forward or backward, and vary the speed in either direction.

From the control board the copper cables carry electrical energy to the four 7,000 horsepower motors. One motor is fastened to each of the propeller shafts.

The chief advantage of the electric drive for a battleship is fuel economy.

## LOTS ATTACHED IN GROCERY BILL CASE

That two lots at La Habra, belonging to David L. Davis and his wife, Mary P. Davis, have been attached in connection with a suit for \$1189, alleged to be due for groceries, was revealed by a writ of attachment which has been returned and which was on file today. The suit was brought on Tuesday by attorneys J. C. Burke and Charles D. Swanner of this city on behalf of Newton and C. M. Glazier, doing business under the firm name of Glazier Brothers. It was recited in the complaint that the defendants had become indebted to the firm during the past three years for groceries. In January, it was recited, Mrs. Davis gave Glazier Brothers her promissory note for \$1189, as evidence of her indebtedness. Under the terms of the note it was provided that she was to pay ten per cent of the indebtedness in case suit was brought to recover. Because of this, a judgment of \$118 was asked from her. The \$1189 in the case is asked from both defendants jointly.

## BANDIT OUTGUESSES POSSES AND TROOPS

(Continued from Page One)

outed to his years of service as a brakeman on that road, following his cow-punching experience.

If he is in the Casper region his next defiance to his pursuers is expected to show in a holdup of a Burlington railroad passenger train.

Having robbed a train under federal control of railroads, Carlisle is fighting the power of the United States government. That is the explanation for the prompt ordering out of federal cavalrymen, the first time in this region's history that United States troops have been sent to capture a train robber, "dead or alive."

The fact that the government must reimburse passengers for their losses, and that travel is considered unsafe with Carlisle at large, are other reasons for the troop activity.

Meanwhile the authorities are completely at sea as to Carlisle's hiding place and fear he will stage another spectacular holdup.

## Snow Stops Bloodhounds' Search For Train Bandit

MEDICINE BOW, Wyo., Nov. 20.—Cavalry and railroad detectives remained here today on the lookout for clues to William Carlisle, train robber and escaped convict.

With snow beginning to fall on the hard, frosted ground, the bloodhounds from Rawlins penitentiary became useless today and were taken back to the prison.

Special trains of railroad officials leading the manhunt are on a siding here. The search has turned into a quiet, determined effort contrasting with the mad rush of the posses here Wednesday immediately after Carlisle robbed the Los Angeles Limited.

The authorities admit a long, comprehensive pursuit, covering every possible means of escape the bandit may have used, is ahead.

The Union Pacific's telegraph lines are loaded with messages concerning the progress of the chase. Special trains outnumber regular schedules between here and Cheyenne. There will be no slackening on the railroad's part until Carlisle is once more back in prison. Carlisle is almost certain to have the death sentence passed upon him if he is taken alive. Train robbery is a capital offense in Wyoming. His commutation from life sentence to 25 years imprisonment, given following his first arrest in 1916 will not be repeated.

## CITRUS CROP WILL BRING \$15,000,000

(Continued from Page One)

the one now being harvested. The fruit and trees are in fine condition. I understand that in other Valencia sections the coming crop will not be as large as in this.

The financial return of \$15,000,000 for one crop is only an indication of the wealth of the county and the productivity of the lands. There are many other crops, for there is no county in the state where the diversity of commercial crops is equal to this. The county income from crops for 1918 was \$63,410,500 and it is believed that 1919 returns from all crops will easily reach \$70,000,000. This is within \$17,000,000 of the assessed valuation of non-operative property in the county and within \$24,000,000 of the assessed valuation of operative and non-operative property. That is a record that probably cannot be duplicated by any county in the state, it is believed.

The big returns from citrus lands tells the story of the fabulous prices being paid for choice groves at this time. The income from a grove justifies the prices of from \$3000 to \$5000 an acre. Dependable crops that command high market prices result in a continuous stream of wealth being poured into the county and in turn accounts for the wonderful prosperity that abounds and makes the county attractive from a merchandising standpoint.

## PREVENT DE VALERA FROM MAKING TALK

LOS ANGELES, Nov. 20.—Eamon De Valera, "president" of the "Irish Republic" spent today resting and meeting supporters of the Irish cause in Los Angeles, after the failure to hold the announced mass meeting in Shrine Auditorium last night.

A crowd estimated at around 10,000 was on hand at the auditorium early in the evening to hear De Valera. After a considerable wait, Attorney Joseph Scott, mounted on an auto truck, filled with former service men and announced the meeting would not be held. Notice from the Mystic Shriners, owners of the auditorium, had been received, cancelling the lease of the auditorium for the evening, he said.

The crowd was far from pleased. Scott and others, however, counseled conservatism and announced that an open air mass meeting would be held in Washington Park Sunday afternoon when De Valera would speak. The gathering then dispersed quietly after singing the "Star Spangled Banner."

De Valera was not a bit ruffled by the sudden turn of events. "It will give me a good chance to rest," he said. His friends say he is badly fatigued and the rest is badly needed.

This afternoon De Valera will go to San Diego, arriving at 6:10 p. m., and returning here Saturday and remaining until after Sunday's meeting. The directors in charge of the Shrine Auditorium said they cancelled the right to use the hall because of a gain of protests from a majority of the membership of the Shriners.

## NEXT CONGRESS TO BE GIVEN PACT AGAIN

Resolution to Be Modified,  
Senators Believe; Domestic Laws Fail

(Continued from page one)

session will be the Lodge resolution to declare the war at an end, which was introduced late last night, just before the senate adjourned. This Lodge resolution can carry by a majority, which can be easily obtained in both houses, it is declared by Republican senators.

Action will be pressed in the senate and with the concurrence of the house, peace will then have been technically obtained, so far as congress is concerned.

Belief in some quarters that President Wilson would call another special session before December 1 and force the senate to resume consideration of the peace treaty was scouted by Senator Hitchcock, administration leader.

The senate's action in refusing to ratify the treaty marked the climax of one of the bitterest political battles since the founding of the government. For the first time in American history the senate openly challenged the president's traditional supremacy in foreign affairs.

## Wilson to Make Statement That Chaos Is Being Faced

By HUGH BAILLIE

(United Press Staff Correspondent) WASHINGTON, Nov. 20.—The nation's attention was riveted on the White House today for the next move in the peace treaty battle. Friends of President Wilson would not believe he would swallow defeat on the treaty and the league of nations, in the interests of which he has already sacrificed his health.

The president, it was understood today, is working on a statement to the people telling them that chaos confronts the world as a result of the treaty failure, that it is a victory for bolshevism and Germany and putting the blame on leaders of the opposition in the senate.

His hottest shot may be reserved for his message to the regular session of congress December 1, to which he intends to submit the treaty. One of his first moves was expected to be formal withdrawal of the treaty from congress—where it has been laid on the table—so that it may be presented again. Failure of the treaty knocked the ground from under hopes that there would be a "wet" Christmas.

Peace, through treaty ratification, is farther away than ever before, it seemed. The only chance of the treaty was that the president would issue a proclamation of peace and lift the war time prohibition ban regardless of consequences, but this seemed hardly probable.

#### Waiting for Reaction

The administration today was anxiously awaiting the world's reaction to the treaty defeat. Government officials believed it would be a severe shock to the other nations which participated in the peace conference, pointing out that America took the lead throughout and now refuses to accept the document or be a party to any of the arrangements it sets up.

President Wilson himself is known to believe that with the United States standing aloof Europe is liable to be plunged into another war worse than the one just ended, in which this country will again become involved. Those close to him say he regarded the league of nations as the only safeguard against this. Therefore he is expected to continue his fight. If the league should hold together without the United States, the president fears the United States and Germany—being the two important countries shut out from the league—would be thrown together in an entente, and that is the object toward which German propagandists are working. If the president does not manifest some strong symptoms of having "just begun to fight" many of his friends will entertain renewed misgivings for his health, it was learned.

The ladies of El Toro will give a social dance Saturday evening, November 22, at El Toro Hall.

#### Chamberlain's Tablets

People everywhere speak well of Chamberlain's Tablets. If you are troubled with indigestion or constipation give them a trial. You are certain to be benefited by them.—Adv.

**CUTICURA TALCUM FOR POWDERING AND PERFUMING THE SKIN**

Antiseptic, prophylactic, deodorizing, fragrant and refreshing. An ideal face, skin, baby and dusting powder. It soothes and cools the skin, overcomes heavy perspiration, is convenient and economical and takes the place of other perfumes for the skin. Splendid after bathing with Cuticura Soap. A few grains dusted on the skin and hands imparts to the person a delicate, individual and distinctive fragrance, leaving the skin sweet and wholesome.

Soap 25c, Ointment 25c and 50c, Talcum 25c. Sold throughout the world. For sample each free address: "Cuticura Laboratories, Dept. 198, Malden, Mass."

Cuticura Soap shaves without mug.

## BUSINESS LIFE PRESERVATION IS INVOLVED

Commerce Dinner Tuesday  
Evening Will Be of Import-  
ance to Merchants

Business men of Santa Ana are vitally interested in the purposes of the Commercial Federation of California, representatives of which will be speakers at the Chamber of Commerce 6:30 dinner, to be held at James' next Tuesday evening. Senator Cartwright, H. M. Hagedorn and other men of Los Angeles representing big commercial interests, will be here to discuss the plan of the organization.

The men are engaged in arousing the commercial interests of California to the necessity of taking a deeper interest in governmental affairs and in legislation that will stamp out I. W. W.-ism and Bolshevism and present a resume of conditions existing that should be corrected.

Preservation of the ideals upon which this country is founded is one of the objects and protection of business interests is another. Wherever the gentlemen have spoken they have brought to the attention of business men facts that they themselves had little considered.

It is expected that there will be a demand for all the room available at the gold room at James' and it will be necessary for every one attending to make a reservation in advance. Secretary J. C. Metzgar is now forming a list of reservations, and those who want to go should not fail to report to him as early as possible.

### Subject to Croup

"When my son Charles was about eight years of age he was subject to attacks of croup and I never felt safe without a bottle of Chamberlain's Cough Remedy in the house. That remedy when given according to the directions relieved him immediately. I can not praise Chamberlain's Cough Remedy too highly," writes Mrs. Charles London, Clayville, N. Y.—Adv.

## THIRD LECTURE BY DR. DIXON IS GIVEN

"The Transfiguration, the Unveiling of the Incarnation" was the subject of the third lecture of the series of lectures in Santa Ana by Dr. A. C. Dixon, former pastor of Spurgeon's church, London. The lectures are given one each Tuesday night at the United Presbyterian church.

The three points stressed by Dr. Dixon were the mission, the position, and the person of Christ. The mission of Christ, said Dr. Dixon, is seen in the Exodus. As Moses and Elijah led the children of Israel out of Egypt so does Christ lead men away from their sins.

"As Christ's leadership has to do with spiritual life rather than the physical being of men, his position is higher than that of either Moses or Elijah," said he.

"In the person of Christ is seen God's ideal of the perfect. If we are pleased with what pleases God, He will be pleased with us.

Jesus is the climax of glory. He is all we need, and both Moses and Elijah are eclipsed. The purpose of the unveiling of the glory was to fit men for their tasks in life. It is in worship and in looking up to Christ that characters are transfigured."

The subject of next week's lecture will be "The Cross, the Glory of the Incarnation."

## WHY IT SUCCEEDS

Because it's for one thing only, and Santa Ana People Appreciate This

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is Santa Ana evidence to prove their worth.

Mrs. H. A. Moesser, 910 W. First St., Santa Ana, says: "My kidneys were out of order and I suffered from backache. There was a dull ache in the small of my back and my kidneys acted irregularly, causing me much annoyance. My feet became swollen, too. I heard about Doan's Kidney Pills and bought some at the White Cross Drug Co. They removed the pains and greatly helped the other symptoms."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moesser had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## ANTLER'S HOTEL MAY HAVE 30 STORY

Plans Under Consideration  
For Increasing Rooms  
By Thirty

ANAHEIM, Nov. 20.—Plans are being considered by the owners of the Antler's building, corner of Los Angeles and Center streets, for the erection of a third story to the building to add 30 more rooms and apartments to the Antler's hotel.

The Antlers was taken over Saturday by H. B. Washburn, who recently sold the Southland Hotel to Misses Bailey and Ladd, of Montana. The Antlers, like other hotels and rooming houses of the city, has been turning away guests every night. Neither the Southland nor the Antler has had a vacant bed since July 1.

Applications for building permits today are:

F. H. Betts, residence and garage, Cypress and Adele streets; cost \$4,200. Thos. A. Williams, contractor.

Mary Mauer, residence, 2234, on North Clementine street between Chastress and Cypress streets; cost \$3,000. Thos. A. Williams, contractor.

Mrs. L. B. Resh, residence, on Lincoln avenue, between Villa Place and West street, cost \$100; Henry Griffin, contractor.

Construction has been started on the attractive new home for O. R. Renner, of the S. Q. R. Store, at the corner of Adele and Olive streets, the old residence is being removed. C. Trudeau is contractor and the Gibbs Lumber Company is furnishing the material.

The Orange County Realty Co., Ross Bros., proprietors, are completing a very classy bungalow on No. Lemon street, between Wilhelm and Alberta streets.

"They will start another one on the lot next to it and then will build three more on Emily and Adele Sts. C. Sillemagel recently sold his 6-room house on West Broadway to J. B. Merrill of South Los Angeles street. Mr. Merrill will move to his new home as soon as the tenants can be pointed out. The house will be painted on the outside, the inside oiled and tinted. Mr. Merrill's many friends are pleased to learn that he has purchased a permanent home here.

Tobin and Durkee report the sale of the following properties:

House and lot at 239 Kroeger St., from E. P. Ferguson to Mr. Chandler. A lot on North Lemon street from A. Nagel to Mrs. O. Schneider.

A lot in the Zeyn tract from Mr. Skope to Mr. Durkee. A lot on East Santa Ana street from Tobin & Durkee to Geo. E. Brown.

The property at 525 Helena street to C. R. Frazier, an oil worker. The property at 236 South Olive St., from Mrs. Brobst to H. A. Stegman.

The property at 324 Elm street from Jay F. Bastian to L. W. Cook. The property at 610 South Helena street from J. F. Bastian to F. J. Pratt.

The property at 207 Emily street from P. J. Wesley to A. V. Herr.

### City and County Briefs

J. C. Metzgar has been appointed a member of the staff of A. G. Kendall, chairman of the committee on awards at the National Orange Show at San Bernardino. Metzgar and D. Eymann, president of the Associated Chambers of Commerce, will attend a duck dinner of the committee at Elks' Club, San Bernardino, Friday evening.

Mrs. Rose Leck, owner of the property at 303 North Sycamore, has reported to the police that thieves have stolen three gas and two electric fixtures from the place. The room is vacant.

The annual meeting of the California Association of Commercial Secretaries will be held at Pasadena December 29-January 1. Some of the biggest men in their lines will address the secretaries at that time.

A new cash carrier system has just been installed in Reinhold Bros. store. The system is one in which cash is carried to the cashier's desk in metal boxes on wires. A number of other improvements in the store will be completed soon.

J. A. Johnson of Los Angeles had business at the court house yesterday afternoon and while he was engaged in its transaction some one got busy and stole the extra tire and rim on his machine.

### DEATHS

HASKINS—At Tustin, Cal., Nov. 19, 1919, W. L. G. Haskins, aged 78 years, 11 months. Funeral at 2 p. m., Friday, from Smith & Tuthill's chapel.

THOMPSON—At 1237 Logan street, Santa Ana, Calif., November 19th, 1919, D. B. Thompson aged 86 years. Funeral services Saturday, Nov. 22, at 10:30 a. m., from Smith & Tuthill's chapel. Decedent was the father of Mrs. Ida Confer and W. H. Thompson, and the stepfather of Mrs. H. E. Smith, of Santa Ana; and Mrs. Anna Walker, of Kansas.

FRAMBES—In Porterville, Calif., November 19, 1919, Mrs. Catherine Frambes. Funeral services Monday, November 24, 1919. The cortege will leave Smith & Tuthill's at 2:00 p. m. Services at the cemetery.

Mrs. Frambes was the mother of E. C. Frambes, of this city.

Colds Cause Headaches and Pains. Feverish Headaches and Body Pains caused from a cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

## AMERICANISM IS ADVANCED IN SCHOOLS

Presentation of Roosevelt  
Picture Today Occasion  
For Addresses

Americanism of the Roosevelt type was promulgated today at the Intermediate school with the presentation of a framed picture of the late and lamented Col. Roosevelt to the school by Assemblyman Walter Eden as a representative of the Santa Ana Chamber of Commerce. The Chamber recently ordered pictures of Roosevelt in numbers sufficient to present one to each school in the city, and Tuesday next the Santa Ana High School will be honored with one, when Prof. Cranston will deliver it as a representative of the chamber and Dr. Mark C. Myers will make an address on Americanism.

The exercises at Intermediate today were impressive and the addresses aroused the students to a pitch of patriotism that will result in spreading the doctrine throughout the city. Following the addresses a number of the students volunteered to form a club to teach the English language to every man, woman and child they could reach who speaks a foreign tongue.

Mrs. Mark C. Myers, who is chairman of the Southern California Defense Society, and who resides in this city, was present and made an urgent appeal to the students to promote Americanism wherever opportunity offered. She spoke on Americanism and what it means, and asked each student individually to make it a point wherever they heard a foreign language spoken to attempt to teach the party speaking it the English language and inculcate in him the ideas of American doctrines in order that in time there will be nothing but the English language spoken here—to make every one and the language 100 per cent American.

That there is and should be only one flag in America, and that the stars and stripes, was a point strongly developed by Mrs. Myers in her address.

The whole school was assembled for the exercises, which consisted of a most interesting program, including addresses by Principal W. C. Roberts, Assemblyman Walter Eden and Mrs. Myers and the singing of America by the school.

Following the program a number of the students approached Mrs. Myers and asked if they might organize a club for the purpose of going out among the foreign population and organizing classes for teaching the English language and impressing American principles upon the foreigners.

The enthusiastic applause of the children of the patriotic sentiment dominating the addresses signaled their appreciation and full recognition of the necessity of spreading the English language and there is no doubt but that a club will be organized for the dissemination of good American ideas among foreigners that will bear fruit that will be worth while.

The picture of Roosevelt in the of the object of the authorities in placing it there. He was foremost in advocacy of thorough Americanization and it ever was his purpose to teach and advocate 100 per cent Americanism in the United States.

## ROOMS TENDERED TO LEGION BY BANKERS

The First National Bank has offered the entire third floor of the bank building to Santa Ana Post, No. 131 of the American Legion, in appreciation of the services that the men have rendered their country. It was today announced by W. Lester Tubbs, chairman of the committee on quarters. The third floor includes a large meeting hall as well as reading and club rooms.

The quarters will probably not be ready for the next meeting as the men will have to furnish the quarters and make a few alterations.

Friday, November 28, the day after Thanksgiving, the American Legion is to give a ball at Elks' hall, to which all service men are invited, whether members of the Legion or not. Chapman's orchestra has been secured and from all reports the boys are going to put on a fine affair. The ball will begin at 8 o'clock.

The executive committee of the American Legion of California has accepted the application of Santa Ana Post No. 313 and has forwarded it to the national headquarters, so that service men joining the local post will be members of the state and national bodies as well.

### ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monocetacidester of Salicylic acid.

### AMERICAN TOYS

Santa Claus has removed his toy  
shops from mysterious depths of the  
Black Forest. Like all good spirits, he  
became disgusted with Prussian ways.  
He is an up-to-date old gentleman,  
and he likes substantial Yankee ways  
of doing things. So he is bossing an  
astonishing number of big American  
factories nowadays.

The owners may think they are the  
bosses—but 'way in the dark, deep  
middle of the night, along comes the  
magic sledge and the eight tiny rein-  
deer, and they land on the roof, and  
Santa gets into the workrooms by  
secret ways he knows and he looks  
over the whole plant. If the toys are  
well-made and sturdy and suitable for  
husky, growing kids, and if the plant  
is light and clean, and the payrolls  
are reasonable, and everything is just  
as Santa would have it, why then he  
approves that plant and it flourishes.

But if things are not up to the  
Santa standard—beware! There is no  
sabotage like that of Santa's elves.  
You can't see them, but they snoop up  
everything and make all kinds of un-  
canny trouble, and that toy-maker  
might as well go out of the business  
first as last, because Santa won't let  
him prosper.

The combination of Santa and the  
Yankee ways is proving a mighty  
good one. Toys, say those who have  
seen them, have never been so good  
as this year. "It is not so much new-  
ness in toys that marks American  
makes," says one who knows "but a  
spirit of simplicity and sturdy  
strength to withstand hard knocks  
from virile children. They have been  
developed along fresh lines. The  
educative value is predominant."

That is the best of news. If there  
is one inexcusable object of manufac-  
ture, it is a flimsy toy. American chil-  
dren need stout stuff. Whether it's a  
doll or a set of blocks or dishes or  
an airplane, they want something that  
will wear and that they can love. A  
child's love is no fragile bit of moon-  
light. It's a thing of bear hugs and  
soundings and pullings and encour-  
agements. Anything which will not with-  
stand the energetic assaults of the  
three-year-old is unworthy of the  
child or of the giver. If the new  
American toys will stand the strain  
there is a wonderful future for Amer-  
ican toyland.

### "FLU" MEDICINE

The "flu" vanished, last summer  
after a devastating winter and spring.  
It may come back. Already there are  
hints of its revival in some com-  
munities. What is to be done?

"In the fight against the repetition  
of the terrible epidemic," reads a pub-  
lic statement by a big municipa-  
health department, "medical science  
has proved two efficient and effective  
safeguards—good ventilation and  
regulation of temperature."

As for the ventilation: "To live in  
bad air, to work in bad air or to  
sleep in bad air reduces the disease  
resistance of the body and furnishes  
a fertile ground for the 'flu' germ to  
work on." Good ventilation in the  
house means changing the air in oc-  
cupied rooms about three times an  
hour, bringing the fresh supply from  
outdoors, driving the used air out-  
doors, having the air clean and not  
too dry.

As for temperature regulation: In  
rooms where people live when awake  
and dressed, the best average degree  
of warmth is 68 degrees Fahrenheit,  
as indicated by a thermometer placed  
"nose-high." Bathrooms should be a  
little warmer. Sleeping rooms, while  
asleep, should be as nearly as pos-  
sible the temperature of the outside  
air, with windows open and enough  
bed clothing to avoid chilling.

These "medical science" safeguards  
have nothing to do with "medicine,"  
except in the modern sense of "pre-  
ventive medicine." It is only when  
they are ignored that the medical  
man comes in with his drugs.

### FINANCING A HOME

The American Builder declares that  
it is the first down payment that balks  
thousands who would like to build  
homes. "If that were in hand the rest  
would be easy, since the regular  
financing machinery of mortgage  
loans and easy payments over a pe-  
riod of years would then come into  
play."

This magazine suggests that it is  
just as easy to start a Home Buying  
Club as a Christmas Savings Club.  
The latter flourish everywhere and so

did the Liberty Bond buying on the  
installment plan. Most Americans  
earn money enough so that they could  
save something regularly if they  
would. It is often the happy-go-lucky  
temperament that keeps them poor.  
If a family wants a home, why does  
it not budget the project along with  
the milk bill, and save a definite sum  
every pay-day towards it? Everybody  
survived the strain of buying Liberty  
Bonds. There were no pathetic tales  
of starvation due to that cause. Peo-  
ple proudly did with fewer luxuries.  
People proudly lived in smaller quar-  
ters. Why not proudly do the same  
for the sake of owning the home? "I  
didn't buy the fur coat—or the new  
rug—because we are saving for a  
home."

It doesn't take long to lay up the  
first payment, and then, as the  
Builder suggests, the rest is easy.

### A Good Thing

San Bernardino Sun  
One's first thought in connection  
with the final passage by congress of  
the bill authorizing return to senders  
of undelivered second, third and  
fourth class mail is that it will impose  
an additional burden on the already  
overburdened postal service. On sec-  
ond thought, however, one gets the  
impression that it will have a con-  
trary effect.

Publishers of newspapers and peri-  
odicals, on learning through the re-  
turn of an undelivered copy that the  
addressee will not be found, will send  
no further copies to that address.  
What a relief this will be to the post-  
office department will be apparent to  
anyone who is familiar with the aver-  
age village postoffice, the back room  
of which is cluttered up with the mag-  
azines and papers of persons who have  
been removed from the village without  
notifying the publishers of their  
change of address. This much paper  
and ink and labor are wasted. And in  
these days of paper shortage, that  
alone is an item worth saving.

The same thing applies to mercan-  
tile firms who send price lists and ad-  
vertising matter to prospective cus-  
tomers through the mails. With un-  
delivered circulars returned because  
the addressee cannot be found, the  
firm will remove that person's name  
from the mailing list until a correct  
address has been obtained.

The new law, which applies to sec-  
ond, third and fourth class matter,  
ruling heretofore applicable only to  
first class mail, should benefit not only  
the public but the postoffice depart-  
ment.

### Tourist Trade

Fresno Republican  
It is reported that the incomes of  
Switzerland, from tourists, have been  
reduced from two hundred million to  
two hundred thousand dollars a year.  
Every effort will of course be made  
to restore the former condition as  
rapidly as possible. For generations,  
the sturdy little mountain people  
had lived off its beauty. Its sturdy  
climbers worked in the winter as  
wood choppers, for two francs a day,  
and in summer as guides and pack-  
ers, at fifty to a hundred francs a  
day. Its hotels had the stock joke:  
"Yes, our rates are high; two thou-  
sand meters high." But the hotels  
were all good. From the simplest  
roadside chalet to the most preten-  
tious hotel des Alpes, everything was  
clean and the food was good. Swit-  
zerland lived off the tourists, but the  
tourists got their money's worth. And  
they spent it—\$200,000,000 a year.

All of which is important chiefly  
as measuring the ultimate value of  
one of California's chief assets.  
California has more fine scenery than  
Switzerland, and a finer climate to  
enjoy it in. California is equipped  
to be both a summer and a winter  
resort, and it has both seashore and  
mountains. The seaside part we have  
made reasonably accessible, and the  
problem of making it more so is sim-  
ple. What it needs is advertising.  
The mountains are still inaccessible  
and largely unknown. But for far  
less than two hundred million dol-  
lars—one year's income of Switzer-  
land—they could be made, with roads  
and hotels, as accessible as Switzer-  
land. For one tenth of that sum  
they could be made accessible enough  
for the present. The rest could earn  
itself, as we go along. And we have  
all of America, all of awakening  
Asia, and potentially all of Europe  
to draw on. When Europe is re-  
stored, there will be as many reasons  
for Europeans visiting America as  
there are for Americans visiting Eu-  
rope. The profit may not be two  
hundred millions a year. If it is a  
quarter of that, it is tremendously  
worth going after.

### Not In Vain

Riverside Press  
Though the Centralia outrage is de-  
plorable it is doubtful if the returned  
service men who met death and injury  
at the hands of the I. W. W. could  
have exerted greater influence for  
good by their sacrifice had they died  
in the trenches of France.

Nothing could have gone farther to  
crystallize the sentiment of the Ameri-  
can public in condemnation of Bol-  
shevism, the principles of the I. W. W.  
and the lawlessness of the Red ele-  
ment. It is probable that there were  
many persons in the United States  
who were undecided as to whether  
they should stand in the crisis which  
now confronts civilization. These  
persons might have wondered if there  
were not "two sides to the question."  
They will wonder no longer. The  
wanton assassination of those former  
soldier boys has caused a revulsion  
of feeling against all organizations  
and individuals who would counten-  
ance such methods of gaining their  
ends. Americans have always dis-  
pised the foe who strikes from am-  
bush. The same sentiment which  
was responsible for the old vigilance  
committee in San Francisco has been  
born anew in the breasts of citizens  
who believe in law and order and de-  
cency.

The Bolsheviks in this country could  
not have done greater injury to their  
cause, if it may be dignified by the  
term, than by perpetrating the mur-  
ders at Centralia. They played into  
the hands of the proponents of law  
and order.

## Alice in Wonderland

## Roosevelt, a Great Preacher

(From Pittsburgh Christian Advocate)

Theodore Roosevelt was one of the  
world's greatest preachers. Possessed  
of an unswerving moral purpose in  
life, he never ceased to exhort the  
American people to strive for nobler  
and better things; for cleanliness and  
right living; for the simple, sweet and  
wholesome things of life. Being that  
sort of a man himself, he wielded a  
tremendous influence for good.

"Our friend thought of himself as  
a preacher," said George Haven Put-  
man in an address before the Century  
Association shortly after Colonel  
Roosevelt's death, "and he was always  
looking for a pulpit. He said to me  
once during his presidential term  
"Haven, the White House is a bully  
pulpit."

Roosevelt's great success as a  
preacher was due to the fact that his  
fellow countrymen realized that here  
was a sincere American who believ-  
ed in the responsibilities of life; who  
believed that an effort was always  
worth while if it was for right, and  
whose courage could not be daunted  
by obstacles that would have appalled  
the average man. Here was a man  
who practiced what he preached, so  
they listened, pondered over what he  
said—and became better citizens.

Roosevelt was possessed of an amaz-  
ing degree of that something, which  
we call for want of a better term, we  
call "personal magnetism." Possessing a  
"personal magnetism." Possessing a  
sane mind in a sane body, with tre-  
mendous vitality and a driving power  
that was irresistible, he appealed to  
the imaginations of men and his mes-  
sage entered their hearts to stay there.

Roosevelt's vision, his sincerity, his  
austerity, his love for the clean and

wholesome things in life, were quali-  
ties that would have made him a pow-  
er in any pulpit had he entered the  
church. A deep stratum of religion  
can through the man's nature and  
never was he more spiritually exalted  
than when he was preaching the  
gospel of patriotism to a doubtful and  
groping people.

Theodore Roosevelt was imbued  
with the spirit of the crusader and be-  
lieved with all the sincerity of his  
nature that he was leading a great  
cause and serving the best interests  
of his countrymen. When he was shot  
at Milwaukee, in October, 1912, he  
made his speech with a bullet in him,  
thrilling his hearers with these words,  
"I tell you with absolute truthfulness  
I am not thinking of my own life,  
I am only thinking of the success of  
this great cause."

It is to perpetuate the ideas and  
ideals for which Theodore Roosevelt  
stood that the Roosevelt Memorial As-  
sociation has conducted a nation-wide  
campaign to raise a fund of \$5,000,  
000 with which to build a national  
memorial to Colonel Roosevelt at  
Washington and to create at Oyster  
Bay a public park, which may ulti-  
mately include the Roosevelt home at  
Sagamore Hill, in order that it may be  
preserved for the people, like Mount  
Vernon and like the Lincoln home at  
Springfield.

It is the hope of the association,  
which is entirely non-partisan, that  
the number of contributors to this  
fund will be a gratifying index of the  
hold that Theodore Roosevelt had up-  
on the affections of Americans, North  
and South, East and West.

## Worth While Verses

### TO A DOG

The curate thinks you have no soul:  
I know that he has none. But you,  
Dear friend! whose solemn self-control  
In our four square, familiar pew.

Was pattern to my youth—whose bark  
Called me in Summer dawns to rove—  
Have you gone down into the dark  
Where none is welcome—none may love?

I will not think those good brown eyes  
Have spent their light of truth so soon;  
But in some canine Paradise  
Your wrath, I know, rebukes the moon.

And quarters every plain and hill,  
Seeking its master. \* \* \* As for me  
This prayer at least the gods fulfill  
That when I pass the flood, and see

Old Charon by the Stygian coast  
Take toll of all the shades who land,  
Your little, faithful barking ghost  
May leap to lick my phantom hand.

—St. John Lucas

### GROANS AND GRINS

#### Wanted Too Much.

While she waited for her train, the  
stout old lady slipped a penny in the  
slot of the automatic weighing ma-  
chine and stood expectantly on the  
small platform.

But the indicator on the dial did not  
budge. She got cross and began to  
try to set the thing in motion by  
bouncing up and down.

In the middle of her energetic  
fight, along came a small boy, who  
watched her in silence for a few min-  
utes. Then he called out:  
"Put in another penny, ma'am! It'll  
take twopenny to weigh you!"—Lon-  
don Answers.

#### No Laughing Matter.

"I thought you would surely laugh  
at that little joke," said the alleged  
humorist, as the editor solemnly  
glanced over the manuscript.  
"Not me," replied the man behind  
the blue pencil. "I feel more like  
crying when I meet one of my old  
boyhood friends."

### HEADS WESTERN LEAGUE

### OBSERVATIONS

"The saddest words to tongue or  
pen are these: 'Will things come  
down again?'"—Manila Bulletin.

A lot of people are now demanding  
enough pay so they can afford to go  
out on strike.—Paterson Chronicle.

As a national hero, our nearest ap-  
proach to D'Annunzio probably is  
Charles Chaplin.—Little Rock (Ark.)  
Gazette.

The same willingness to work that  
won the war would soon banish the ill  
effects of the war.—Little Rock (Ark.)  
Gazette.

Nobody can say the Roosevelt fam-  
ily isn't willing to back up the late  
lamented Teddy's advice with the  
goods. A fourth child has arrived for  
Lieutenant Colonel Theodore Roose-  
velt. One of the things one regrets in  
the untimely taking off of Roosevelt  
is that a man who enjoyed his children  
so much was not permitted to warm  
his heart, as he would have done, with  
a quiverful of interesting grandchild-  
ren.—Stockton Record.

Horlick's the Original  
Malted Milk. Avoid

### THE CHEERFUL CLERUB

Each one should aim  
and never swerve  
To fill successfully his  
place.  
It's all our job to help  
preserve  
The honor of  
the human  
race.

### THIS YOUNG LAD TOOK HIS MOTHER'S LESSONS TO HEART

A young hopeful on South Birch  
street was inclined to start an enter-  
prise with a rush, but soon his enthu-  
siasm would die down and he'd give it  
up as a bad job. Whether he started  
to trim the lawn, make a kite, learn  
to be a wireless operator or what-  
ever else, the result was almost al-  
ways the same and the lad, in conse-  
quence, received many lectures from  
his mother on stick-to-it-iveness.

"If you start a thing, see it through,"  
said mother. "The good things of life  
come to those who complete what they  
set out to do, and always remember,  
son, what's worth doing at all is worth  
doing well."

Not long since there was a small  
boys' fight on South Birch, and Ar-  
thur was one of the star performers.  
"Arthur, come here," called mama,  
but her summons went unheeded.  
"Arthur, stop your fighting and come  
in the house!" but still the fight pro-  
ceeded.

Then after awhile the battle was  
over and young Arthur came home, to  
be roundly scolded by his maternal  
parent for fighting and also for not  
heeding the call to quit.

"But mama," replied the boy  
thoughtfully and deliberately, "didn't  
you tell me to FINISH everything I  
started in to do?"

And mother then had nothing to  
say.

### \$25,000 BACK PAY IS GIVEN BY RAILROADS

LOS ANGELES, Cal., Nov. 20.—  
Twenty-five thousand dollars in back  
pay is being distributed today to 2000  
Southern Pacific and 200 Salt Lake  
railway employees.

It represents back pay awarded by  
the government under the four-cent  
wage increase granted shop employees.  
While most of the men receive com-  
paratively small amounts, some  
checks are in excess of \$1,000.

### GERMAN LABOR PARTY WILL GO BACK HOME

GOTHENBURG, Sweden, Nov. 20.—  
German delegates to the International  
Labor Conference in Washington, who  
were scheduled to sail from here yester-  
day, decided to return to Germany  
instead, after being informed they  
would arrive in the United States too  
late to participate in the meetings.

Thanksgiving Plum Pudding at the  
Dragon. Order early.

### NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" Then  
Breaks Up a Cold in a  
Few Hours

Don't stay stuffed-up! Quit blowing  
and snuffling! A dose of "Pape's Cold  
Compound" taken every two hours un-  
til three doses are taken usually  
breaks up a severe cold and ends all  
grippe misery.

The very first dose opens your clog-  
ged-up nostrils and the air passages of  
the head; stops nose running; re-  
lieves the headache, dullness, feverish-  
ness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the  
quickest, surest relief known and  
costs only a few cents at drug stores.  
It acts without assistance, tastes nice,  
contains no quinine—Insist upon  
Pape's!—Adv.

## A CREED

I hold that when a person dies  
His soul returns again to earth;  
Arrayed in some new flesh-dis-  
guise,  
Another mother gives him  
birth.  
With sturdier limbs and brighter  
brain  
The old soul takes the roads  
again.

Such is my own belief and trust;  
This hand, this hand that holds  
the pen,  
Has many a hundred times been  
dust  
And turned, as dust, to dust  
again;  
These eyes of mine have blinked  
and shone  
In Thebes, in Troy, in Babylon.

All that I rightly think or do,  
Or make, or spoil, or bless, or  
blast,  
Is curse or blessing justly due  
For slothful effort in the past.  
My life's a statement of the sum  
Of vice indulged, or overcome.

And as I wander on the roads  
I shall be helped and healed  
and blessed;  
Dear words shall cheer and be as  
goads  
To urge to heights before un-  
guessed.

My road shall be the road I  
made;  
All that I gave shall be repaid.  
So shall I fight, so shall I tread,  
In this long war beneath the  
stars;  
So shall a glory wreath my  
head.

So shall I faint and show my  
scars,  
Until this case, this clogging  
mold,  
Be smithied all to kingly gold.

—John Masfield.

## Third Economics Section.

The Third Section of the Ebell  
Household Economics will meet Fri-  
day at two-thirty at Mrs. E. A. Stock-  
lagers, 1514 North Main street.

Ladies bring scraps, thread, thimble and  
needles as there will be sewing for  
the Day Nursery.

## Club Members Dinner—Guests.

The Aud Lang Syne Club held an-  
other happy reunion at the house of  
Mr. and Mrs. W. C. Newson at Rivera  
recently.

The twelve o'clock luncheon was all  
that could be desired, its progression  
affording a pleasant hour for the ex-  
change of current and social events.

A short business session was held  
and the club decided to send an ex-  
pression of sympathy to Mrs. F. E.  
Harrison, who is in the Santa Ana  
Hospital and to Mrs. Taylor of Los  
Angeles, who has recently undergone  
an operation.

The January meeting will be held at  
the home of Mr. and Mrs. H. V. New-  
son in Garden Grove.

The guests of the club were Mrs.  
Edie Kelly of Fullerton, Mrs. E. S.  
Walling of Orange, Miss Eva Baum-  
gartler of Los Angeles and Mrs. Flora  
Johnson of Los Angeles. The mem-  
bers were Mesdames Emma Wassum,  
Mabel Lowell, Jennie Johnson, Carrie  
Chaffee, Lida Mitchell, Estelle Har-  
ner, Mina Newson, Glee Newson,  
Louise Ellsworth, Agnes Stanley, Ag-  
nes Oldfield and Miss Percy Head.

The hostess was assisted in serving  
by her sister, Mrs. Belle Smith.

## Camp Fire Girls Meet.

The regular meeting of the Camp  
Fire Girls of the First Congregational  
church, was held Tuesday evening at  
the home of Miss Mabel Harvey.

After the business program a short,  
but much enjoyed program was given.  
The first number was a doll  
dance by Misses Lois Winslow and  
Ninette Rowland preceding a panto-  
mime, "The Golden Sunflower."

Those who took part in this were  
Misses Mabel Harvey, Marjorie Smith,  
Pauline Carnahan, Julia Bruner, Gladys  
Swarthout, Ninette Rowland and  
Lois Winslow.

A duet was sung by Misses Marpo-

rie Smith and Mabel Harvey, accom-

panied by Miss Lois Sweet.

Those present who enjoyed the eve-  
ning's entertainment and the light re-  
freshments prepared were the hostess  
Mabel Harvey, Zora Hagaman, Elva  
Chapman, Grace McKinney, Helen  
Bows, Leah Crane, Ruth Langley,  
Florence Walters, Julia Bruner,  
Gladys Swarthout, Marjorie Smith,  
Pauline Carnahan, Ninette Rowland,  
Lois Winslow, Lois Sweet and the  
hostess' brother, Francis Harvey.

## Juvenile Recital Success.

A very pretty and successful juve-  
nile recital was given Tuesday evening  
at the home of Mrs. C. Squires of  
Tustin, by a number of boys and  
girls from Garden Grove, Santa Ana  
and Tustin, pupils of Miss Mildred  
Fewell.

The house of Mrs. Squires was frag-  
rant with lovely flowers and a large  
audience of parents and friends greet-  
ed the students who, with their hap-  
py faces, were a pretty sight to see.

They showed good training in  
rhythm, touch and expression in pre-  
senting the program.

Miss Fewell is a young teacher  
with high ambition and inspiration  
and an ardent student of Mrs. G. F.  
Andrist of Tustin.

She was assisted by Misses Ada and  
Grace Squires and Dorothy La Dieu  
and Prof. and Mrs. Andrist.

The interesting program was as fol-  
lows:

Fantasia from William Tell—Grace  
Squires.

Oak Leaf March—Leora Strong.

Duet—Eva Larne and Miss Fewell.

Garland of Roses—Lyle Roderick.

Aloha Oe, (duet)—Neva and Leora  
Strong.

Recitation—Aural Roderick.

Rec. "When I'm a Man"—Elwood  
Roderick.

Solo, "Got to Practice"—Mabel Mil-  
ler.

Red Bird Waltz—Alpha Watts.

Picking Cherries Waltz—Lyle Rode-  
rick.

Mandolin Solo—Ada Squires, accom-  
panied by Grace Squires.

Recitation, "A Little Girl's Speech  
About Herself"—Eva Larne.

"Nearer My God to Thee"—Mabel  
Miller.

"Beautiful Evening Star" (duet)—  
Francis Jones and Miss Fewell.

"Love's Golden Star"—Ruth Rode-  
rick.

"Whispering Leaves"—Mabel Mil-  
ler.

Vocal duet, "Star of the East"—  
Ruth Roderick and Joe Bishop, ac-  
companied by Stella West, (piano)  
Vernon West (Saxophone).

"Four Leaf Clover" (duet)—Alpha  
Watts and Miss Fewell.

"Fairy Barque"—Neva Strong.

Recitation "Lament of a Little Girl"  
—Alpha Watts.

"Blush Rose Waltz" (duet)—Ruth  
Roderick and Miss Fewell.

"Pass Me not, Oh Gentle Saviour"—  
Dorothy La Dieu.

Missionary Meeting.

A very interesting meeting of the  
Woman's Foreign Missionary Society  
of the First Methodist church was  
held yesterday afternoon in the pa-  
rors of the church.

Mrs. Allie Fitz had charge of the  
devotional exercises and Mrs. S. E.  
Hutchins, the mystery box. The Jes-  
son was given by Miss Blanche Col-  
lings and Mrs. S. E. Saunby.

Class to be Initiated.

Santa Ana Homestead, No. 6065, will  
initiate a large class in December, the  
work to be exemplified by the An-  
heim degree team from the new ritu-  
al. This work will be from the book  
of Ivanhoe and will be the finest in  
the state as this team is the banner  
team of California and is the pride  
of all teams now putting on the work.

The new Homestead of Santa Ana is  
the baby lodge of California but has  
the brightest future of any lodge or-  
ganized and with the splendid policy  
which is given by the Yoemen there  
is no doubt but that the lodge will  
reach 500 by its first anniversary of  
October, 1920.

Following the initiation there will  
be an oyster supper given by district  
Managers J. S. Freeman and wife at  
the M. W. A. Hall.

This new Homestead extends a  
warm invitation to all Yoemen hold-  
ing membership elsewhere to affiliate  
with them and help them in this  
great work and enjoy the fraternal  
benefits of the lodge.

Dinner and Theater Party

Mr. and Mrs. Norbert Lentz were  
hosts at a dinner party last evening,  
in honor of Colonel and Mrs. N. M.  
Holderman.

Appointments were carried out in  
red and green, places being marked  
for Colonel and Mrs. Holderman, Mr.  
and Mrs. M. McCurdy, Mr. and Mrs.  
Ed Dickinson, E. T. Langley and the  
hosts, Mr. and Mrs. Lentz.

Following the dinner, the company

made up a theater party, attending  
the Elks' play, "We Should Worry,"  
going from there to the home of  
Colonel and Mrs. Holderman, where  
the evening was completed with  
music and cards.

Sewing Class Entertained

Miss Nell Marie Remsburg was  
hostess last evening to the teachers'  
sewing class, composed of members  
of the high school faculty.

Monday's Ebell

The Ebell Society will hold its No-  
vember meeting on Monday afternoon  
at Elks' hall. Preceding the meeting,  
a luncheon will be given at James'  
with Mrs. A. J. Lawton, the president  
of the Women's Legislative Council,  
as the guest of honor. Mrs. Lawton's  
hostesses will be the board members,  
past presidents, section leaders and  
committee chairmen.

The afternoon program will be given  
by Miss Theresa Cogswell of Pom-  
ona. Miss Cogswell has recently  
returned from France, and on Monday  
afternoon will give some of her ex-  
citing experiences while abroad, and  
will also give several dramatic read-  
ings.

Tea and Musicale

With Mrs. M. A. Edwards, Mrs.  
Alice Harris and Miss Katherine Ed-  
wards as hostesses, the Women's  
Guild of the Church of the Messiah  
gave a tea and musicale yesterday  
afternoon in the parish hall.

Bowls of yellow chrysanthemums and  
a cheery fire on the hearth made the  
rooms very attractive.

A group of songs by Mrs. C. R. Sum-  
ner and a group by Mrs. H. M. Sam-  
mis, with Mrs. Alba J. Padgham at  
the piano, were very greatly enjoyed.

Tea and sandwiches and little  
cakes were served. A table full of  
fancy work and a large supply of  
Thanksgiving fruit cakes and plum  
puddings were completely disposed of  
and the coffers of the Guild are con-  
siderably enriched by the proceeds.

Mrs. Lash Gives Address

The annual thank offering of the  
Women's Union of the Congregational  
church was held yesterday afternoon  
at the home of Mrs. M. M. Crook-  
shank.

Devotionals were conducted by Mrs.  
Mary Bruner and following the meet-  
ing was turned over to Mrs. Lash,  
president of the southern branch of  
the W. B. M. P., who gave a touching  
address on the need in foreign fields  
and the great opportunities waiting  
there.

Mrs. Stabaugh gave several Indian  
songs and the serving of light refresh-  
ments closed the pleasant afternoon.

Mrs. Crookshank was assisted by  
Mrs. A. J. Crookshank, Mrs. C. S.  
Crookshank, Miss Lydia Crookshank  
and Mrs. Ella Campau.

Dr. H. A. Berge, chiropractor, 418  
Spurgeon Bldg. Hours, 9 to 12, 1 to  
5 and 7 to 8. Phone 1050.

sons are cordially invited.  
Dinner at 6:30 p. m.

**The Board of Lubrication Engineers**

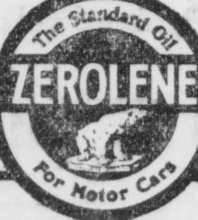

Our Board of Lubrication Engineers study the lubrication needs of each make of automobile.

These experts have determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

Get a Correct Lubrication Chart for your car. At your dealer's or our nearest station.

**TWO NEW VOTING ORANGE SCHOOL PRECINCTS FOR SANTA ANA PRESENTS JAP OPERETTA**

**Four New Areas Are Added to County, Showing the Population Growth**

Indicative of the rapid growth of Santa Ana and Orange county, the voting precincts in the county have been increased from 107 to 111. Two of the new precincts are in Santa Ana, and two in the northern end of the county.

One of the new Santa Ana precincts was created by dividing into two sections the precinct formerly known as Number 29, and lying between Main street and Broadway. The other new precinct in the city is located at the extreme northeastern corner of the city. Santa Ana now has 32 precincts.

Yorba Linda, which formerly had one precinct, now has two. The old West Anaheim precinct has been divided into two precincts which are to be known as West Anaheim and Los Angeles.

The precincts as they now stand were mapped out by County Surveyor J. L. McBride and were adopted by the board of supervisors.

**SOUTHERN CALIFORNIA**

RIVERSIDE, Nov. 20.—Riverside's two sky policemen, R. L. Crozier and "Top" Paine, have taken their oath of office before City Clerk H. C. Cree. The aerial "cops" began their work today. It is planned to use them in running down speeding motorists who are too swift for the motorcycle policemen. Also, they will see that visiting airplane pilots observe aerial traffic regulations.

ELCENTRO, Nov. 20.—The Imperial county board of supervisors have adopted a resolution requesting the San Diego county supervisors to construct a highway from San Diego to connect with the Imperial county highway west of Brawley.

PASADENA, Nov. 20.—Amendment of the Pasadena building code to permit erection here of concrete houses after the plan of Thomas A. Edison is being considered by the authorities. It is claimed that the concrete houses can be put up with extreme rapidity which is what Pasadena is said to need at the present time.

LOS ANGELES, Nov. 20.—Triplets were born to Mrs. Elizabeth Sullerton, 416 South Clarence street, who is 35 years of age, at the county hospital. The mother and the new arrivals, two of whom are girls, are all doing well, the doctors say. A pathetic feature of the case is that the mother was deserted by her husband a short time ago.

IMPERIAL, Nov. 20.—One profiteer has been found in the valley, according to federal agents who are here trailing boosters of the living cost. In one valley town, it is said, one of the agents bought a pair of shoes for \$14. The merchant refused to say what he paid for them when asked. The agent flashed his badge and was informed the shoes had cost \$4. The store has been closed, it is said, and the data gathered by the agent forwarded to Washington.

TULARE, Nov. 20.—That the experimental stage in San Joaquin Valley cotton growing has been passed is indicated in the size and quality of the crop which is being picked from the Tagus ranch, near here. On the basis of the picking which has already been completed, the 860 acres in crop will make about 1000 bales, all of a very high grade.

**AMUSEMENTS**

**"THE RIGHT TO HAPPINESS"**

An industry that cuts wages below the living level, that refuses to re-employ former service men who return for their old jobs and an industry that permits the working conditions to be unsafe and unhealthful, cannot survive.

This is one of the points driven home in "The Right to Happiness," a photoplay of the hour which is to be seen Thursday and Saturday at the Yost Theatre.

"The Right to Happiness" is not a propaganda picture, neither is it a mealy-mouthed smoothing over of a bad situation. It is a forceful, smashing exposure of certain existing conditions with the solution pointed out clearly and dramatically.

Even were it not for the picture's own merit the name of the star would assure it success.

Dorothy Phillips, whose work in "The Heart of Humanity" and "Destiny" was epochal, stars in "The Right to Happiness." She depicts a dual role, a pampered child of society and a child of the Russian soviet.

**OSTRICH NABS SPOON FROM BABY VISITOR**

SOUTH PASADENA, Cal., Nov. 20.—Great scandal at the Cawston ostrich farm.

Mrs. Newlywed, young ostrich matron, robbed a babe in arms of a silver spoon. What's more, she swallowed it while the infant and its parents were getting their first view of the overgrown chickens.

"But, of course, every newly married pair must have their family silver one way or another," remarked the keeper, trying to console the babe.

California Red Wood Boxes packed with Special Milk Chocolates at the Dragon

**Music, Art and Manual Training Departments Assist In Production**

ORANGE, Nov. 20.—The music department of the Orange Union high school assisted by the art and manual training department and the school orchestra, presented Miss Cherryblossom, a Japanese operetta, in Campbell's hall, and it was well attended, every seat being taken. The plot of the story is broken and disconnected, but the music of the opera is melodious and far above the average of operettas. The choruses, especially, were well worth hearing and well rendered.

Miss Cornelia Murray, who is beloved by all who know her, was missed as the leader, but under the capable direction of Miss Abendroth, who is taking Miss Murray's place, the opera was successfully given. An increasing number of pretty girls are attending the school this year, and the Japanese dress and harmony of color in the costumes added to the natural beauty of those taking part. Lois Grout, as Miss Cherryblossom, was charming and attractive. Minnie Palmer won the audience in the part of the American girl. Two favorites of past operas were Albert Kuechel, who played the part of the American lover of Cherryblossom, and Eugene Standfield as Kokemo, the proprietor of the tea garden, both parts being well taken. Carl Warner as Togo, was good, and Earl Hall, while not a great singer, is a talented actor, and his comedy parts were well received. The voices of the entire company were sweet and the cast well balanced.

**Olive Girl Weds**

The many friends of Miss Elba Elson will be surprised to learn of her marriage on Tuesday November 11, in Los Angeles, to L. F. Davis of Arcadia. Mrs. Davis, who is the daughter of Mr. and Mrs. Eugene Elson, has made her home in Olive for many years and graduated from the Orange Union high school with the class of '13. Mr. Davis at one time lived in Santa Ana, but is at present in Los Angeles. Mr. and Mrs. Davis are in San Francisco on their wedding trip, and on their return will be at home to their friends in Los Angeles.

**Entertained Economics Section**

The Economics section of the Woman's Club met at the home of Mrs. Alfred Leach at a regular meeting. Plans for the year's work were made, and home decoration was decided upon as the subject for the next meeting, which will be held at the home of Mrs. P. I. Bird, assisted by Mrs. J. N. Atkins as hostess.

At the close of the meeting, Mrs. Leach assisted by Mrs. Lawrence Hemphill, served coffee and cake. Those present were: Mrs. P. I. Bird, Mrs. F. H. Mellor, Mrs. J. N. Atkins, Mrs. W. T. Syester and the hostess.

**Fishback Sails for Europe**

Word has been received from M. M. Fishback that he sailed with a party of fifteen from New York, Nov. 12, on his tour of the battlefields of Europe. As Mr. Fishback is teacher of history in the Orange Union high school, the trip is taken with a view of acquainting himself with the conditions in Europe "first hand" in order that he will be able to make the study of the World War of great interest to his pupils. Mr. Fishback will probably not return before Spring.

**Notes and Personals**

Mrs. Carl Schmidt and two little sons, of San Francisco, and Mrs. Earl Johnson and baby of Nuevo, who have been visiting at the home of their parents, Mr. and Mrs. Mit Ainsworth, for the past few days, have returned home.

Owing to a church meeting in the Villa Park hall on Friday night, the Red Cross entertainment has been postponed to a future date.

Mr. and Mrs. W. H. Johnson of Denver, Colorado, have come to California to make their home, and are living in the Robert Johnson home, recently owned by Clarence Walker.

Mrs. Evan Williams and daughter, Anne, have returned from Williamsburg, Iowa, where they visited another daughter of Mrs. Williams, Mrs. George Welch who was Miss Jane Williams.

Word has been received from Ben H. Irons, who lived in Orange until about a year ago, that he has joined the army and is now stationed at Camp Luce, Illinois.

If you are a customer at the Gerrard Groceries why don't you write them an advertisement and win a nice prize. If you are NOT a customer now is a fine time to begin. See the ads elsewhere in this paper.

**LUMPS OF INDIGESTION**

"Pape's Diapepsin" at once fixes your Sour, Gassy, Acid Stomach

Undigested food! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—no waiting!

The moment you eat a tablet or two of Pape's Diapepsin all the indigestion pain and dyspepsia distress caused by acidity is relieved.

Your disordered stomach will feel fine at once.

These pleasant, harmless tablets of Pape's Diapepsin neutralize the harmful acids in the stomach, and give almost instant relief. Besides they cost so little at drug stores.—Adv.

**WEEK END SPECIAL**

**Friday, Saturday, Monday**

**Pre-Holiday Offerings**

An exceptional opportunity is presented to you to complete your wardrobe for the Holiday Season. For these three days only, as a special inducement we have

**MARKED DOWN COATS and SUITS**

You will make a real saving if you call on one of these days.

**COATEES**

Shipment just received this morning from New York, and in addition to our regular stock they will be displayed on these days. These comfortable garments will certainly please you and we will be delighted to show them.

**FURS**

If you want a Fur, and what woman does not, we have rich, warm pieces, carefully selected, that will surely meet your approval. You will secure real and lasting pleasure if you wear a Fur bought from us. Our prices are attractive.

**SWEATERS**

These are the mornings you need something to chase away the chills. We have a wide variety of colors in both the slipover and shimmie. Winter mornings and evenings are not enjoyable unless you have a wrap of this character. Now is the time to buy.

# SANTA ANA SECS BEAT ORANGE, 13 TO 12

Ineligibles Help Ficken's First  
Squad Men Trounce  
Citrus Athletes

Last night on the Santa Ana grid-  
iron a picked team from Orange  
played the Santa Ana Seconds, and  
the ineligibles, the latter combination  
winning by a score of 13 to 12.

In the first quarter, the second team  
held the Orange squad at a stand-  
still. This also was the case in the  
second period, except for the last few  
minutes when Orange pulled a few  
good passes. The half ended with  
Orange in possession of the ball on  
the Santa Ana twenty-yard line.

In the third quarter the Orange  
eleven got together and with success-  
ful passes and line bucks scored two  
touchdowns, but failed to kick goal  
both times.

The ineligibles, with some first  
strong men, went in during the last  
three minutes of this quarter. In the  
fourth quarter on a pass from Ray-  
to Tyrrell, Santa Ana scored its first  
touchdown. Spangler failed to kick  
goal. In the last few minutes of play  
a pass from Ray to Tyrrell scored  
the second touchdown. Spangler con-  
verted.

The Santa Ana line up:  
Ineligibles  
and 1st Squad

Second Squad  
Hillard-Gravath, R.E. Crawford  
Duncan, R.T. Clark  
Wardlow, R.G. Duncan

Best, L.H. Plavan  
E. Best, R.H. Spangler  
Westgate, P. Roney

## MIDGET TEAM WILL DO BATTLE WITH ORANGE

Coach Morrison is organizing a  
football team of Midgets to take on  
games with other light teams being  
organized in the county. Orange has  
a team of flea-weights, and the mem-  
bers of the team have been "strut-  
ting" around gobler fashion for some  
time, because with their organized  
practice work they have been able to  
walk through every bunch that has  
been sent up against them. Morrison  
recently issued a call for the Midgets  
and now has a small squad of ninety  
and one hundred pounders which he  
is whipping into shape to go after the  
"goat" of the flea-weights. The team  
will go to Orange next Monday to  
meet the light-weights of the school  
there.

It is going to be some sport to  
watch the Midgets do battle from the  
side lines. Some critic has gone so  
far as to say that one needs a pair  
of field glasses to detect all their  
maneuvers. It is expected that by  
next season a flea-weight schedule  
will be arranged.

## CLIPS 42 MINUTES OFF L. A. BAKERSFIELD TIME

Riding a big valve Indian pulling  
a side car, Roy Arley this week shav-  
ed forty-two minutes off the best time  
ever made between Los Angeles and  
Bakersfield on a motorcycle. The ma-  
chine was sealed in high and made the  
run over mountain roads and 22 minutes.  
The distance is 125.6 miles.

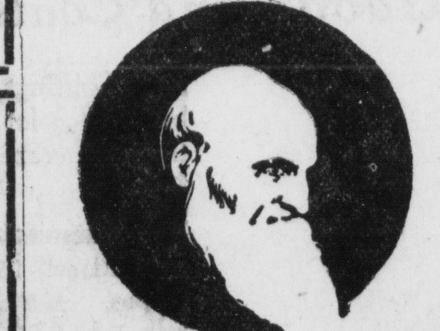

Carrier & Crowl, Broadway and  
Fifth, local dealers for the Indian, to-  
day are jubilant over the performance  
of the Indian on the run and have  
posted announcement of the result.

## GIBSON MAY HEAD PIRATES

NEW YORK, Nov. 20—George Gib-  
son, former major league catcher and  
manager last season of the Toronto  
Internationals, will be tendered a con-  
tract to manage the Pittsburgh Pir-  
ates by Owner Dreyfuss at the Na-  
tional League meeting here early in  
December, according to reports today.

# Feeble Old People

Gain Strength and Vigor rapidly  
on Vinol, our Cod Liver  
and Iron Tonic.

Vinol contains the very elements  
needed to replace weakness with  
strength, just as it did for this  
New York man.

"I am 74 years of age and got into a  
weak, run-down condition as a result of  
the gripe. Our druggist suggested  
Vinol to build me up and I noticed an  
improvement soon after taking it, and  
it has restored my strength so I can now  
do a good day's work. My wife has  
also taken Vinol for a run-down condi-  
tion with splendid results."

NOTE:—Your leading druggist has for  
many years specially recommended Vinol  
because he knows there is nothing better  
than this famous Cod Liver and Iron Tonic  
to create strength and build one up. The  
formula of Vinol is on every label.

Your money back if it fails.

# SAYS MORRISON MEANT LOAFER ON FIELD

Manager of Football Team  
Tackles Garden Grove  
Man's Statement

Resembling a football game in  
which the teams sway back and forth  
across the field, so says the contro-  
versy aroused at the Santa Ana High  
School following the criticism offered  
by Coach Morrison to the effect that  
some of the members of the football  
team became inclined to loaf on the  
job soon after they felt assured that  
they had places on the team and were  
thereby entitled to wear the high  
school monogram.

The newest angle of the discussion  
comes in pointing out that Coach Mor-  
rison was not criticizing men for fail-  
ing to put in long hours in practice  
but was hitting out with a vigorous  
protest against those who loaf while  
at play.

The criticism offered in last night's  
Register by J. O. Arkley of Garden  
Grove is the chief topic of conversa-  
tion in high school circles today. The  
Garden Grove rancher caught the ball  
of criticism that was punted by Coach  
Morrison, and came down the field  
with a vigorous run-in. Whether or  
not he gained any ground at all or  
came near making a touchdown is a  
question that is being debated by the  
great body of umpires at the high  
school today.

Tackling is Approved  
Arkley's spurt for the goal posts has  
not been without spirited resistance  
by the Morrison supporters. In fact,  
Lynn Crawford, manager of the foot-  
ball team, tackled Arkley this morn-  
ing, and in the opinion of a good many  
he successfully dumped the runner. At  
any rate, the tackling will meet the  
approval of the Morrison rooters.

Crawford has played a good deal of  
football. He was out of school last  
year, and for that reason he was not  
eligible to play on this year's team.  
He has been managing the team, and  
is declared to be in close touch with  
the ins and outs of the Morrison pun-  
t and the Arkley run-in. His tackle fol-  
lows:

"I have read Mr. Arkley's state-  
ments concerning his views of the  
criticism offered by Coach Morrison.  
Certainly, had Mr. Arkley known cer-  
tain things about the value placed up-  
on monograms he would not have been  
so hasty in his statements.

"It seems queer to me that a man of  
Mr. Arkley's years would think for a  
moment that a monogram is only a  
"piece of flannel." I am sure that no  
man would go through the grinding  
hours of football training for a  
"piece of flannel," but where is the  
man who would not want a monogram  
when it stands for loyalty to one's  
school, when it stands for fighting for  
ideals of sportsmanship? A monogram  
stands for a sacrifice for one's school.  
It has the same relation to the school  
that a service stripe has to a soldier's  
service for his country. As a mono-  
gram man, I feel sorry that anyone  
should look upon my letters as a "piece  
of flannel" and nothing more.

Morrison Good Sport  
"Coach Morrison is one of the great-  
est sports I ever played under, and I  
feel that an injustice was done him by  
Mr. Arkley. What Coach Morrison  
said, was a very mild 'bawl out' com-  
pared to the way 'Shorty' Smith or  
L. A. Warren, former coaches at the  
high school, would have said to us.

"When Coach Morrison referred to  
some men on the team as loafers, why  
was it necessary to conclude that he  
was talking about the 'San Diego  
game'? Didn't he say that the trip  
was a disadvantage to the team and  
that it was their first trip; they being  
new men?"

"The saying is that nothing hurts  
anyone like the truth. Coach Morri-  
son censured some of the team so that  
the guilty ones would take it to their  
heart and profit by it, as most of the  
members concerned have.

"No one who knows Coach Morrison  
would think for a second that he  
would censure a man because he must  
quit football to go home to do chores.  
Failure to be on the field when need-  
ful causes interrupt is not loafing.  
Morrison has played a lot of football  
and he knows how a man should play  
in practice. He knows whether or not  
a man on the field is loafing or play-  
ing the game, whether the man be on  
the field for five minutes or an hour.  
If a man is to be on the field only a  
few minutes, shouldn't he play harder  
than ever?"

"Loyalty to the coach is not con-  
cerned. Even if a team had a poor  
coach, it should maintain its loyalty  
to the school, and play for the honor  
of the school. A team does not fight  
for the glory of the coach. The coach  
is loyal to the school, and he must  
have men playing who have the inter-  
est and honor of the school at heart,  
else he cannot produce the team he  
ought to produce."

## HARVARD TEAM'S MEN MADE KNOWN TODAY

CAMBRIDGE, Mass., Nov. 20—The  
personnel of the Harvard team which  
will face Yale Saturday, was made  
known today.

The choice of Coach Fisher places  
A. Horween at full back; Havemeyer,  
center; Sedgwick and Kane, tackles;  
Steel and Phinney, ends; Woods and  
Clark, guards; Murray, quarterback;  
Casey and Humphrey, halfbacks.

# JESS WILLARD WOULD STAGE COMEBACK

Tex Rickard Says Former  
Champion Might Start  
at Bottom

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
NEW YORK, Nov. 20—Jess Willard  
hasn't had enough. He wants to  
"come back," according to Tex Rick-  
ard, who set the stage for the down-  
fall of the big Kansan last July. Rick-  
ard last night uncovered for scrutiny  
a pile of letters and telegrams from  
Willard and his former manager, Ray  
Archer, pleading for another meeting  
to talk over another bid for the heavy-  
weight honors. Willard did not re-  
fer to a return match with Dempsey,  
and an intimation that he would be  
willing to fight his way up to another  
match convinced Rickard of his sin-  
cerity.

"Fred Fulton is coming back and if  
Willard wants another chance he  
might arrange another match with  
him. I don't know that I would be  
willing to stage the bout. But I be-  
lieve it would be a go," Rickard said.  
He said the former champion is in  
training now. He also partially ver-  
ified the report that he could handle  
the affairs of Joe Beckett, the Brit-  
ish champion, if he comes to America  
after his fight with Georges Carpen-  
tier early in December.

## BRIGHT POLO SEASON OUTLINED FOR STATE

SANTA BARBARA, Nov. 20—A  
brilliant polo season for California  
has been outlined by the Pacific  
branch of the National Polo Associa-  
tion.

Meeting here the association decid-  
ed to open the season at Del Monte  
February 1 to 10, inclusive. This will  
be followed by a season at Santa Bar-  
bara from February 12 to February  
19 and the close will come at Coro-  
nado March 5 to 15.

## STUDYING IS HALTED BY INTEREST IN GAME

STANFORD UNIVERSITY, Calif.,  
Nov. 20—Very little studying is be-  
ing done on the "farm" this week. In-  
terest in Saturday's game with the  
University of California is driving  
everything else from the minds of the  
student body. Even the "profs" are  
"mildly" excited.

Cardinal supporters believe the  
"old fighting spirit" which has often  
caused the Berkeley bears to take  
home the short end of a score will  
once more upset the dope which says  
that California should win this year's  
big game.

## KNOCKS OUT OPPONENT AND GETS KNOCKED OUT

LOS ANGELES, Nov. 19—Frankie  
Haynie of San Francisco was knocked  
out in the third minute of the first  
round of his four-round bout with  
Steve Walton at Vernon last night. He  
stopped a terrific wallop which Dal-  
ton started from the neighborhood of  
his hip pocket. Until this fatal blow  
Haynie had looked pretty good.

The card was marked by two other  
knockouts which led Jack Spar to  
claim a new world's record. Spar  
knocked out Harry Beecher in one  
round. Then he got into the ring with  
George Moss and Moss knocked him  
out in the second round. Spar claims  
to be the only boxer in captivity to be  
on both ends of a knockout punch  
within one hour.

## LINE-UP KEPT SECRET

STANFORD UNIVERSITY, Cal.,  
Nov. 19—The line-up for Saturday's  
game with the University of Califor-  
nia will probably not be announced  
until the team takes the field, accord-  
ing to Coach Evans. Final practice  
will be held tomorrow, after which  
the football men will rest until Sat-  
urday.

## SYRACUSE TO START WEST

SYRACUSE, N. Y., Nov. 20—The  
Syracuse football eleven will leave  
for the west tonight for their battles  
with the Indiana University team at  
Bloomington, Ind., Saturday and the  
University of Nebraska eleven at Lin-  
coln on Thanksgiving Day.

SOUTHERN CALIF. GAS COMPANY

# The Placentia-Richfield Central Oil Company

is located in an oil field where the development is increasing so rapidly that a map made one  
month ago is obsolete and it has become necessary to make a new one to show the many  
changes.

The largest oil companies in this country are operating in this field on a large scale  
and the trained geologists in their employ are the best that money can hire, which assures the  
investor of the safety of this proven field.

This company has holdings on the ridge between a well standing in cement on the west  
and one down nearly to cementing depth on the east.

It also has acreage near Richfield Station, about 1000 yards from one of the big gush-  
ers which has recently come in.

Other wells are expected to come in soon, which will cause our stock to advance ma-  
terially.

The company is now offering its second allotment of 50,000 shares at 75c—Par Value  
\$1.00—and with the excellent relative position of its holdings to that of this producing  
field assures an active sale of these shares.

## FORMER MARINE ANOTHER CROWD OF SANTA ANA DIES IN FIRE DELIGHTED BY ELKS' SHOW

Charred Body of Joseph A. Campbell Found In Ruins At Bakersfield

"We Should Worry" Will Be Given Last Presentation This Evening

Joseph A. Campbell, formerly of Santa Ana, was burned to death in a fire that destroyed a rooming-house at Bakersfield last Friday night. Campbell was asleep in the rooming-house when the fire started. That he was in his room was not known to other occupants of the place, and no effort was made to arouse or rescue him. That the fire had brought death to anyone was not known until the charred body was found in the ruins.

Campbell was a truck driver for Dan McCutcheon of Bakersfield, his work being between Bakersfield and Kernville. His home at Bakersfield was with J. B. Froggie, formerly of Santa Ana.

On October 27th Campbell was discharged from the United States Marines, in which he enlisted while living in Santa Ana, two years ago last April.

Two years of his service was in Cuba, where he was well known and popular among the Marines. His record in service was excellent.

Campbell was a native of Montana. He leaves his mother and one brother, who is in the United States aviation service.

Funeral services were held at 2:30 o'clock yesterday at Dixon-Flickinger chapel in Bakersfield. So far as could be learned, Campbell has no relatives in Santa Ana.

The Elks' play, "We Should Worry," attracted another capacity crowd at the Temple theater last night and it was said that the tickets for the third and last performance of the jolly comedy scheduled for tonight are going like hot cakes, presaging another delighted crowd.

The play went off as smoothly as it was possible to have it last night and the smiles on the faces of those who witnessed it as they passed out told the story of their satisfaction.

It seems remarkable that amateurs could be whipped into such form in the short space of time, since first rehearsals of "We Should Worry" were announced and C. J. McNaughtan, director of the production, is a wizard in the work. Great histrionic ability was shown by the actors, especially in Miss Holly Lash and Burr Shafer, who brought down the house upon their every appearance, both in make-up and action.

Wigson, the talkative butler, got a little monotonous sometimes and when courtously sent "to the devil" the audience was relieved when he said "that was just what he was going to do."

The stage settings were charmingly artistic, the local firms of Horton, Spurgeon, Jack Cope, the Flower Shop, the Smart Shop and Madame English providing the necessary beautiful properties. The music by the Elks' band added greatly to the pleasure of the evening.

The jolly men in tall white caps and aprons, who sold the popular candy chews, made fun between the acts, also adding to the treasury, always promising to "return the change" in a few moments and some there are who are waiting yet, but they'll get the change when they see the delighted faces of the kiddies at the Elks' Christmas tree.

Mrs. Charles Kendall and Bob Paine, Jr., again charmed the audience between the first and second acts with their delightful song acts and the "culland genman," "Bill" Sylvester, with his soft and sweetly modulated voice, was greatly enjoyed in his number, "The Golden Gate."

That Carl Weindorf is withholding from her jewelry valued at \$335 was the allegation contained in an answer which was entered by Mrs. Weindorf and which was on file today in connection with a cross-complaint recently filed by Weindorf in which he alleged that the couple have no community property. Mrs. Weindorf, formerly Mrs. Vera Shoemaker of this city, is suing Weindorf for separate maintenance.

It was recited in Mrs. Weindorf's answer that she and her husband own a diamond ring, valued at \$250, another valued at \$60 and a diamond lavaliere valued at \$25. These pieces of jewelry were given her by Weindorf as presents, it was set forth by the plaintiff. The gems are being held in Weindorf's possession, it was alleged.

Mrs. Weindorf claimed that she is a fit and proper person to have the care and custody of her minor child and that Weindorf is an able-bodied man, capable of earning sufficient money to assist her in the support of the child.

## \$29,000 WRECK CASE EVIDENCE INTERESTING

Watson, Winner of Action, Testifies As to Conduct of Business In 1915

Persons interested in the case today were discussing testimony that was given at the trial of the action in which Florence A. Farmer, as the result of injuries received in an automobile accident at Balboa, sought \$29,000 damages from A. E. Watson, proprietor of the Crown Stage Line, and in which Watson was the winner today.

The accident in question occurred on the night of September 4, 1915. For several reasons, most important among which was that several of the parties to the action were absent in the service, the case did not come to trial until the present time.

Watson, on the stand, was unable to remember a considerable number of circumstances in connection with the conduct of his business at the time of the accident. In response to questions put by Attorney George Beebe, of Los Angeles, counsel for the plaintiff, Watson said that he kept no books at the time.

Used Tickets Jointly Watson testified that he owned a number of Ford cars which he operated in stage service, and that Tyce, who died at San Diego, some weeks after the Balboa accident, also owned a number of Ford cars. The two men, Watson said, used tickets jointly in the conduct of their individual business. These tickets were numbered in such a way, the witness said, as to make it possible for drivers, on "cashing in," to turn over their receipts either to Watson or to Tyce, depending upon which one of them owned the particular car each driver might be operating.

Introduced in evidence were a bill of sale and a number of checks that had passed between Watson and Tyce and whereby the latter transferred to Watson a number of Ford cars on September 18, 1915. One of these, which figured in the wreck at Balboa, was the one which was the subject of the action.

Produces Sales Record Frank Gaitin, bookkeeper at the Ford agency in this city, was summoned as a witness for the plaintiff. He brought with him a record of sales of Ford cars in 1915. One entry in the record showed the sale to Watson in January, 1915, of a Ford car bearing factory numbers identical to those alleged to have been noted by E. T. Hoagland, of Los Angeles, on the Ford which figured in the collision at Balboa. Hoagland was one of those riding in the Ford at the time of the accident.

Testimony, given by Mrs. C. D. Crandall, of Alhambra, to the effect that she had smelled liquor on the breaths of several of the members of the party that brought Florence A. Farmer to her summer home at Balboa immediately after the accident, landed in the camp of the plaintiff with the force of a bombshell. Mrs. Crandall was the first witness put on by the defense. Answers given by the witness in response to several questions put by counsel for the plaintiff, relative to whether she could distinguish between a "beer breath" and a "whiskey breath" caused considerable amusement in court.

Witness Becomes Vexed During the course of her examination by Attorney Beebe, the witness became somewhat vexed.

"All I know is that the room smelled like a grog shop," said Mrs. Crandall finally.

"Do you know what a grog shop smells like?" demanded Beebe.

"No," responded the witness, "but I guess you do."

The plaintiff, on the stand, related the circumstances in connection with the accident. She said she and two girl friends had gone to Balboa early in the evening. The three went to the dancing pavilion there, and later in the evening were joined by several young men friends from Los Angeles.

At about 11:30 o'clock, the witness testified, they entered a car, driven by E. E. Gossman, of Los Angeles, and started for their homes. The plaintiff said she was riding on the right fender of the car, facing the rear. They had gone but a few blocks when their machine was struck by a stage, driven by Ralph Johnston. The witness said she was hurled from the machine and that her right leg was broken.

Witnesses for the plaintiff were one in testifying that the right front fender and running board of the car were struck by the stage.

Johnston, the stage driver, taking the stand, testified that the automobile driven by Gossman struck the right rear fender of the stage. Johnston said that at the time of the accident he was employed by Tyce.

Among other witnesses who testified were Edith Tice and Gertrude Phillips, who were riding with Gossman at the time of the accident; William F. Lutz, formerly cashier of the California National Bank; and E. E. Crandall, husband of Mrs. C. D. Crandall.

## J. T. Stockton's Widow In Suit Asks \$50,000 From Edison Co. For His Death

ALLEGATIONS that the Southern California Edison Company was negligent in its maintenance of high voltage electric wires at Smeltzer were contained in an action which was on file in superior court today and through which Cener A. Stockton, widow of James T. Stockton, who was electrocuted on the night of September 14, at Smeltzer, will seek a judgment of \$50,000 damages from the company.

In her complaint, which was filed through Attorney E. B. Drake of Los Angeles, the plaintiff recited that she is the administratrix of Stockton's estate. It was set forth that the Edison company maintained electric lines, carrying approximately 10,000 volts of electricity, ten feet above the lines maintained by the Smeltzer Home Telephone Company.

The plaintiff alleged that the Edison company's electric wires and the telephone wires were not insulated. Because of its alleged defective condition, it was set forth, one of three electric wires maintained by the Edison concern broke and fell across the Smeltzer telephone company's wires, causing the latter to become charged with a deadly amount of electricity.

With the intention of preventing possible loss by fire to the residence of W. W. Blaylock, brother-in-law of Stockton, Stockton, it was alleged, undertook to detach the telephone wires from the Blaylock residence, whereupon Stockton was killed through coming into contact with the energized telephone wires.

The widow asserts that Stockton did not know that the telephone wires had become charged with their deadly load.

It was claimed that Stockton's death was due to the Edison company's alleged negligence in erecting its electric wires immediately above the telephone wires; in neglecting to have the high voltage wires insulated; in failing to inspect the wires; and in negligently permitting the wires to become old, unsafe and defective.

Because Stockton lost his life, the widow asserted she was caused damages in the sum of \$50,000.

At the time of Stockton's death he was earning \$5000 a year toward the support of his family, the plaintiff recited. In addition to his widow, Stockton's heirs are Everett A. Stockton, Mary Effie Lambe, Minnie E. Porter, Eunice T. Stockton and Maurice E. Stockton.

## FELONY CHARGE IS RESULT OF CRASH

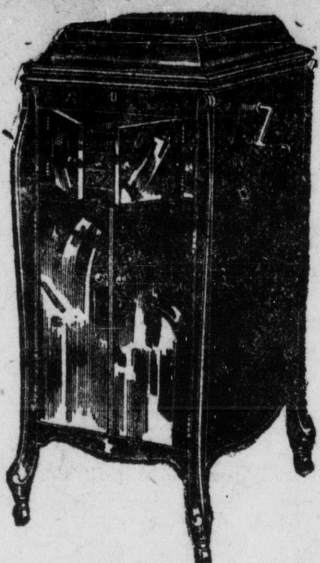

C. F. Coles, said to be one of the proprietors of a dye works at Anaheim, in a complaint sworn to today by Irwin L. R. Hagan, is charged with having been intoxicated while driving an automobile.

The charge against Coles is the outgrowth of an automobile accident on October 10, of this year, on the state highway between Anaheim and Fullerton. In the accident a number of people were injured.

At the office of the district attorney today, Hagan stated that he had deferred bringing the charge against Coles in order that those injured in the crash might be entirely recovered.

TO SEEK TO QUIET TITLE. Enos Nutt, with Daly and Daly, of Long Beach, as his attorneys, will seek to quiet title to four lots at Westminster in a suit which was on file today and which was directed against B. F. Kennedy.

QUIETS TITLE Superior Judge Williams found in favor of the plaintiff in a quiet title suit involving a lot at Anaheim and brought by Ruth A. Johnstone, a widow, against Lucy Laubersheimer, executrix of the estate of Anton Laubersheimer, according to the judgment, on file today.

## Another Startling Sale of Coats for Friday & Saturday

When we say startling we mean something that will arouse the interest of prospective coat buyers. Many women have put off buying their coats for this winter, waiting for just such an event as this. It will be of no use to wait until after Christmas, as you could never hope to buy such coats as cheap again. A certain manufacturer from whom we have been buying coats for many years made us a special price concession to clean up his remaining stock of high grade coats. They looked good to us, in fact a few of them were identically the same as we had early in the season which sold at \$40.00. Materials are Silvertones, Velours and bolivia cloth in rich shades of brown, navy, grey, beaver, and over-seas blue, handsomely tailored and very cleverly designed. Some are half lined, others are full lined, with fancy figured silks. Come early Friday or Saturday and get first choice of the lot. Sizes 16, 18, 36 and 38.

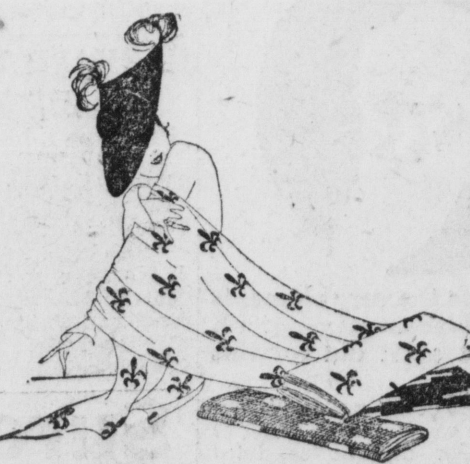

\$35, \$40 Values **\$27.50** Friday & Saturday

You'll Be Delighted With Our Showing of Silks, Wool Dress Goods and Coatings

Tricotines in the popular and most wanted shade—midnight blue. 50 to 56 inches wide at \$6.50, \$5.50 and \$5.

Silvertone and novelty wool coatings in all of the leading shades of the season. 56 in. wide, \$5.00 and \$6.00.

French Serge in all of the wanted shades; all pure wool; 42 in. wide. A very popular fabric for dresses, yard \$2.50.

Plaid Skirtings, 48 in. wide, beautiful color combinations, the latest craze for skirts, yd. \$3.75.

Satin Charmeuse in solid colors and self tone plaids and stripes. The correct silk for fall, yd. \$3.00, \$3.50 and \$4.00.

Black Satin and black pean de soie, very extra heavy, rich and fine. You will appreciate it at \$3.50.

**CHARLES SPICER & CO.**

SANTA ANA, CALIFORNIA, THURSDAY, NOVEMBER 20, 1919.

# HOTEL CONTRACT SIGNED, WORK STARTS MONDAY

## City's Building Continues With Unabated Vigor

### NEW RESIDENCES IMPROVEMENTS GARAGES, ARE AUTHORIZED

Permits Total \$44,645 In a Week; Eleven New Homes Begun

SANTA ANA BUILDING  
Seven permits Tuesday \$17,010  
27 permits past week 44,645  
68 Nov. permits to date 117,471  
Building this year to date 653,374

New buildings and improvements to existing structures to cost \$14,645 were authorized during the past week by City Building Inspector Thomas Ash, showing the building program is being carried out just as vigorously—or more so—than in the banner month of October. Why, October, with her \$109,685 building total, isn't in it with November. This month's total is already \$117,471, with ten days yet to go. With a permit for the new hotel "coming up," it is now freely predicted that Santa Ana's building will this year pass the million mark.

Ten new residences, three of them costing \$5,000 each, were authorized the past week, and another permit, practically for a new residence was issued for restoring recent fire damage to the English house on South Main. In addition there were sixteen permits for private garages, residence and store alterations and improvements costing from \$25 to \$100.

Permits issued during the past week, beginning last Thursday morning and ending last night, are the following:

Eleven New Residences  
H. M. Rasmussen, owner; E. S. Stamp of Long Beach, builder; residence at 615 South Broadway, \$5,000.  
Lewis Brasch, owner; E. S. Stamp, builder; residence at 529 South Broadway, \$5,000.  
G. E. Kilson, owner; R. C. McMillan, builder; residence at 425 McMillan street, \$5,000.  
Fred B. Stever, owner; F. H. Fowler, builder; residence at 134 West Nineteenth, \$4,000.

### Texas Youth Gets 2 Bravery Medals for Aid In Storm

COULTER MCCRISTON

### War Department and Church Recognize Corpus Christi Boy's Efforts

CORPUS CHRISTI, Tex., Nov. 20.—One does not have to go to war to obtain a decoration for bravery. Coulter McCriston, 18 years old of this city has been awarded two medals and he didn't do any fighting with guns either.

However, he battled with the elements and won.

He is the hero of the recent tropical hurricane that swept the gulf coast. During the storm he carried several persons to safety from flooded homes to higher ground on the bluff. Then he swam across Hall's bayou in the waves and wind to carry reassurance to refugees in the Spohn sanitarium and the United States Public Health Hospital.

One medal has been awarded to him by the Catholic church and the other by the War Department.

Home-made Candles at home-made prices. Nougata, fudges, creams, brittles. Lion Kandy Kitchen, 211 West Fourth St.

### PIONEER WALNUT GROVE PASSES SECOND TIME 35 YEARS

Carl J. Klatt Becomes Owner of O. W. Lewis Property on East First

One of the pioneer walnut groves of this city passed to a new owner this week when O. S. Lewis sold his 14 acre tract on East First street adjoining the property of the Smart & Final wholesale grocery company, to Carl J. Klatt, at a figure said to approximate \$2,000 per acre. Klatt, it is understood, has made the purchase as an investment and will make some extensive improvements in the orchard in line with developing it further into a producing property. It has changed ownership for the second time in twenty-five or thirty years.

Lewis has owned the place for a number of years, buying it from W. W. Halesworth, who planted the acreage to walnuts many years ago, when it was a part of a thirty-six acre grove that Halesworth set out. He disposed of the Lewis holdings to Lewis about fifteen years ago.

Klatt has a fine orange grove on E. Seventeenth, near Tuslan avenue, that he bought several years ago from Amos Cox at a price that was thought to be fabulous, but a mere bagatelle as compared with prices prevailing today, for high class orange orchards.

Deal Closed Tuesday

The deal between Klatt and Lewis was closed Tuesday by the Carden & Leibig real estate firm.

Other deals handled by this firm was the sale of 3 acres of Mrs. Weekly in the 700 block on North Baker to Ray Prasler for \$12,000; residence property of Ray Prasler at 1235 West Fourth to a Mr. Williams, and the residence of Oscar Cochems at 808 No. Parton to a Mr. Morrison for \$7,500.

W. H. Cook has invested \$10,000 in sixteen acres at the corner of First and Artesia streets, buying from C. E. Price, C. M. McCain, real estate agent, handling the transaction between the buyer and seller.

Hankey and Cole report the sale of a house and lot on West Second for O. S. Mollette to E. C. Frambles; the residence of Mrs. Knight at 522 East Washington avenue to Mr. Daniels, shipping agent at the Griffith Lumber company yards; and the Shields house at 612 Garfield to a Mr. Owens.

### NEW TRASH GROUNDS OPEN TO THE PUBLIC

The city's new dump grounds are now open to the public for the dumping of trash and the grounds on West First street have been closed. Official notice is being given by Sanitary Inspector W. W. Chandler of the closing of the old and opening of the new grounds.

Preparation of the ground has been in progress for some time. A new road had to be built and the signature of the owner of one of the pieces of ground incorporated in the lease had to be secured from a non-resident, considerable time being lost in the process.

The new location is north of the P. E. bridge across the Santa Ana river. The route is by way of West Fifth or Hickey to King street; north or south on King to the P. E. railway, thence west to the dump by way of a good dirt road. Cans, trash, or other refuse must be thrown over bank of the dyke, anyone leaving refuse in the road being liable to a fine.

### KING TAUGHT ENGINE RUNNING BY VETERAN

MOORHEAD, Minn., Nov. 20.—Joan Kilbane, veteran engineer on the Great Northern railroad here, read with interest every press account of the visit of Belgium's royalty to America.

When King Albert, then a prince visited America, in 1898, and made a trip over the Great Northern as a guest of J. J. Hill Kilbane taught the royal passenger to run an engine. He says Albert was an apt pupil and quickly learned to handle the throttle, lever and airbrake and watched the track with solicitude.

The late spring of the Brussels palace is over out for Kilbane, King Albert has assured the engineer in messages.

Thanksgiving Plum Pudding at the Dragon. Order early.

### Farm Products Jump 478 Per Cent In Quarter Century

FARM products cost 478 per cent more today than they did 25 years ago.

Comparing average prices today with those of 1894 we find the following differences:

	1894.	1919.
Wheat	.60	2.08
Corn	.20	1.35
Oats	.14	1.35
Butter	.10	.50
Eggs	.06	.40
Potatoes	.40	2.00
Hens	.05	.23
Roosters	.02	.15
Steers	2.50	17.50
Hogs	3.25	15.00

### COMMUTERS WILL HAVE BUS FROM BALBOA BEACH

Enter the commuters' auto stage between Santa Ana and Newport. Balboa, designed to accommodate people working in Santa Ana, who desire to live at the beach towns, or who are forced to live there through inability to secure houses in Santa Ana.

Many families have taken up residence at Newport, East Newport, Balboa and Balboa Island in recent weeks, taking apartments or houses there for the winter, and some members of these families are employed in Santa Ana. Still others, it is believed, would move from Santa Ana to the beach towns if convenient auto stage service were arranged, further relieving the congested conditions in this city, and there has consequently been an insistent demand for an additional stage on the Newport line, leaving Balboa earlier in the morning and Santa Ana later in the evening than any of the existing cars.

A. B. Watson, proprietor of the Crown Stage Line, has been figuring on how to meet this demand, and today had completed arrangements for a "Commuters' Bus" between Balboa and Santa Ana, starting this evening, Otto Lane, Crown driver for the past year, whose parents recently moved to Newport, will drive the commuters' bus, remaining at Newport over night and starting the car there.

Leaves Balboa at 7 a. m.

Through this arrangement, the added car will leave Balboa at 7 o'clock each morning and arrive in Santa Ana about 7:35, accommodating workers employed in Santa Ana who wish to live at the beach towns. Returning, the commuters' bus will leave Santa Ana at 6 p. m., arriving at Balboa about 6:35. Ten-ride tickets, good on this or any other car of the Newport line, sell for \$2.25 to Balboa and \$2.00 to Newport, making the daily round trip cost of commuting 45 cents from Balboa or 40 cents from Newport.

"The beach chamber of commerce is co-operating with us in making this additional service possible," said Manager Watson of the Crown Stage Line today. "And if there are more than enough passengers to fill one, we are prepared to put on an additional stage to accommodate the travel."

Other cars on the Santa Ana-Newport line leave Balboa at 7:45, 9:00, 9:45, 11:45 a. m.; 1:45, 3:45, 5:00, and 5:45 p. m. Leave Santa Ana 7, 8, 9, 11 a. m. and 1, 3, 4 and 5 p. m.

### BUILDING PROGRAM AT ORANGE EXTENSIVE

ORANGE, Nov. 20.—Showing a total of \$43,350 for the month of November, building permits promised to set a high mark during the month and show that building is becoming more active as the season advances. The following permits were issued during the past week:

J. W. Carriker, res.	\$2,200
W. N. Wright, gar.	100
P. Bibber, res.	2,000
Fred Hart, gar.	500
L. D. Gunther, res.	4,000
F. J. Showalter, remodel	1,500
Total	\$10,350

See R. A. Tiernan Typewriter Co. for rentals, repairs and guaranteed, rebuilt machines. 219 West Fourth street. Phone 137.

### PLAVAN BUYS 40 ACRE TRACT OF WAKEHAM AT \$700 PER

Purchase Corners on Thirty Acres Bought From Mrs. Youngland Recently

F. D. Plavan, who last week sold ninety-nine acres near Talbert to Giesler and sons for \$50,000, has been investing the money in land in the vicinity of Greenville. He has just concluded the purchase of forty acres from Lawrence Wakeham, located west of Greenville, and covering on a thirty-acre tract he recently purchased from Mrs. Youngland.

It is understood that the consideration for the Wakeham tract was about \$700 an acre, which is said to establish a new price for land in that vicinity. Both pieces are suitable for beets or beans, it is stated.

Plavan is the owner of a very large acreage in the vicinity of Greenville, and the fact that he has reinvested in lands there is indication that he is satisfied that property there is o. k.

### CALIFORNIA HENS IN EGG LAYING CONTEST

SANTA CRUZ, Calif., Nov. 20.—They're off! At the drop of the bat, hens from all parts of the state—forty of 'em—started Saturday in the state egg-laying contest.

The contest will last a year. All fowls will be fed, housed and handled alike by experts and farmers and poultry raisers will be informed of the contest's progress by monthly bulletins. In view of the present price of eggs, the California Farm Bureau aims to stimulate interest in production and to obtain statistical information on the subject. The eggs will become the property of the farm bureau.

### SEATTLE CONSIDERING STREET CAR TERMINAL

SEATTLE, Wash., Nov. 20.—Seattle is considering a plan to speed up traffic which will eliminate the street car transfer.

Superintendent of Public Utilities Thomas P. Murphree is endeavoring to have constructed a huge terminal building at Belland and Blanchard streets, from which will radiate street car lines to every section of the city. A system of elevated roads and subways would relieve traffic congestion. By doing away with transfers a saving estimated at \$200,000 a year will be effected. The subway and elevated system would cost about \$5,100,000.

FIELD HOME SOLD

ORANGE, ov. 20.—The W. E. Field home at 179 South Orange street has been sold to T. J. Davis, who will move there as soon as the house is vacated. Mr. Field has also sold his house and lot at 161 South Center street to G. L. Niles and W. H. Keiser.

### Yank Entertainer Who Made Hit at Camps, Back Home

Lois Fox

Texas Girl Guest of Col. and Mrs. House After Work In France

NEW YORK, Nov. 20.—Thousands of American doughboys believed the ukulele was an instrument of torture and good only to attract more attention to high school boys and girls out on a merry party, until they heard it played by Miss Lois Fox of Austin, Texas, while she was on her round of war camps in France as an entertainer. Miss Fox is a singer and accompanied herself on the ukulele. She has returned to America and was the last of the war camp-entertainers to come home.

She made such a hit with Col. E. M. House and his wife that they invited her to pay them a visit on her return to America which she did. One of her friends gave her a fitting present, a live fox which has to be held tightly to be photographed.

### SUPPRESSED PAPER IS STILL BEING ISSUED

SEATTLE, Nov. 20.—The Seattle Union Record, suppressed last week by order of Attorney General Palmer following the arrest of the editor and managers, is continuing to issue a daily, a small four page edition, which is sold by volunteer newsmen on the streets.

While the newspaper's plant was closed on the charge that it was used for unlawful purposes, the editors claim there is no bar to publication elsewhere. The present paper is being issued from temporary quarters in the labor temple.

### \$200,000 WILL BE TOTAL COST OF BUILDING AND GROUNDS

Contract to Edward C. English Calls For Completion By June 1, 1920

The general contract for the erection of Santa Ana's new tourist hotel on North Broadway, just north of the First Christian church and opposite the court house, has been signed. Actual work will start Monday, and the building will be completed on or before June 1, 1920.

This definite announcement, showing hotel progress has been made during the past few weeks in spite of apparent inactivity, was made today, following a meeting of the hotel trustees late yesterday afternoon at which the signatures were affixed to the contract.

The man who will build the hotel is Edward C. English of Los Angeles, a contractor of wide prominence, who is hailed as a "go-getter" and who, it is declared, can be depended upon to complete the hotel building well inside of six months.

The contract price for English's work is \$121,500, and this is exclusive of the heating and plumbing systems, finish hardware and lighting fixtures. The total estimated cost of the hotel building is \$170,000, and the total investment of the hotel company in building and grounds will be approximately \$200,000.

Quick Action Assured

Awarding of the contract to English was tentatively agreed upon a month ago by the hotel trustees, the delay in formal signing of the contract being caused by a complete change in specifications which was determined upon. English has had his superintendent of construction ready for the job for three or four weeks, much of the material has been ordered, and now that the contract has been actually signed up no time will be lost.

English has to file his bond today; the contract and other necessary papers are to be filed tomorrow, and unless something unforeseen occurs, ground will be broken on Monday.

English was at the meeting of hotel trustees yesterday, as was also Architect Myron H. Hunt, of Los Angeles, who is the architect for D. M. Linnard and who prepared the plans and specifications for the new Santa Ana hotel, which he designated St. Ann's Inn. No name for the hotel, however has been adopted by the hotel company. Local men who were present when the important document was signed were A. J. Crookshank, president; W. A. Huff, vice president; John Cubbon, Geo. B. Shattuck and H. J. Fory, hotel trustees and R. L. Bisby, secretary of the board.

Old English Style Inn

The new hotel will be white with green trimmings, and modeled in outward appearance on the old English

To Our Friends and Fellow Citizens:

### Why Do I Trade at the Gerrard Bro's. Stores?

BECAUSE I have been in the Grocery business myself and I know from experience that you cannot get better goods, or more reasonable prices nor better service than you do at "THE ALPHA BETA STORES." Today some of Gerrards' prices on standard and high grade goods are less than they WERE AT OTHER STORES BEFORE THE WAR.

I find that prices on almost every article are from a few cents to 25 cents or more less than any other store.

The stores are clean, airy and I consider it a pleasure to trade in such stores.

The clerks are always cheerful, ready to help you if you cannot find what you want, which is not very often, as everything being arranged systematically, it is very easy to wait on yourselves.

And last but not least it is not hard to part with your hard earned cash when you get such good value for your money, such smiling, smart young lady cashiers to receive your money, wrap your goods and send you happy on your way.

By L. J. LIPPIATT,  
Box 94, Route 4, Santa Ana, Cal.

## PRICE OF SUGAR CITY'S BUILDING WHOLESALE TO \$11.85 A BAG

Smart Thinks Supply Locally  
Will Be Changed Little  
Before Jan. 1

The price of sugar in Santa Ana hopped up another step this week.

With an advance of seventy-two cents a sack put on by the refiners and an increase of nine cents in railroad rates, the wholesalers advanced the price from \$10.85 for a 100-pound sack to \$11.65. Retail prices are around thirteen cents.

"Orange county sugar factories have been playing the game square with the wholesalers," said J. S. Smart of the Smart & Final wholesale grocery company today. "They have not been holding back their sugar, but have been selling it at current prices as it was ready to deliver. They have made no allotments of their sugar for delivery through the months of November and December, so that the wholesalers may expect sugar to be supplied to them in about the same quantities they have been getting, and retailers can expect from wholesalers, and customers can expect from retailers, about the same line of deliveries that they have been getting."

"We are expecting an increase in the supply of sugar after the first of the year. We do not know what changes, if any, there will be in the prices."

"It may be some consolation to local sugar users if they realize that down South right among the cane sugar refiners sugar is selling wholesale at seventeen and eighteen cents a pound and is retailing at around twenty cents per pound."

### THE TIDES

Friday, November 21.

1:47 a. m., 1.9; 8:01 a. m., 6.4; 3:04 p. m., -0.3; 9:15 p. m., 4.2.

## \$2,300,000 FOR MASONIC TEMPLE ASSOCIATION IS ORANGE CROP ESTIMATED

North Half of County Makes  
Good Showing In  
Returns

ANAHEIM, Nov. 19.—With a whirlwind finish, the Anaheim Orange and Lemon Association wound up the picking of this year's citrus crop Monday.

Many thought that this house was not going to get through at the most advantageous time and that shipments would drag along for several weeks yet but it seems that Manager Sandilands, with his usual habit of being pretty close, had his business well in hand and figured to finish shortly after November 15.

Just a year ago, this association started from the ground to build their magnificent plant. In the year they have completed and adjusted all the machinery such a plant calls for and finished shipping over 700 car loads of oranges and lemons. This amount of fruit, which means practically two cars every day of the year, is a large output for any packing house, but to build and equip it with machinery and then also ship this much fruit is certainly some undertaking.

The association handled one half of the total output of this section, the other half being handled by four other shippers. Taking the Anaheim Orange and Lemon Association prices received as an average, and estimating what the fruit still rolling will bring, the total crop, which amounted to 1450 cars, will have brought into this section over \$2,300,000.

It will be remembered that Mr. Sandilands estimated the total crop last winter at 1450 cars and said at that time it would bring in \$2,000,000.

An estimate from Mr. Sandilands covering next year's crop will be forthcoming shortly, but as to what it would bring, he stated he would not care to hazard a guess until after the first of the year.

The local packing houses certainly have had their share of difficulties to contend with in moving their citrus crop. There has been shortage of cars, labor and box shock and railroad strikes all over the country have added to their already heavy burdens.

With the wise building of the new association packing house, Anaheim has been able to market the large acreage of young Valencia in a very satisfactory manner. It is stated it will not be very long before another large packing house will have to be built because there is a

## UNDER WAY AT FULLERTON

With Lodge Home and Garage Building, Corner  
Is Busy Place

FULLERTON, Nov. 20.—Work on the new \$80,000 Masonic Temple is being pushed rapidly with a large crew of workmen. There will be a half basement to the first story, in which will be located a bowling alley and club rooms, the excavation being nearly completed. With the \$35,000 Lillian Yaeger garage going up on the corner diagonally across the street makes the corner of Spadra and Chapman avenues one of the busiest places in the city.

M. K. Campbell, of Pomona, has sold his house and lot at 332 East Commonwealth to Ina T. Page. Delbert Brunton of Orange, sold his house and lot at 429 West Amerigo to J. T. Wallace. The sales were made through the agency of Pinson & Thurber.

One of the most important real estate deals reported in this section was consummated when L. C. Vandenburg, of 138 East Chapman avenue, purchased the ten-acre walnut grove of J. W. Daniels on North Raymond avenue, the price being a little over \$2000 per acre. This is a record price for walnut land, but his is one of the best groves in this vicinity. The sale was made through the agency of Chas. R. Sutherland, 114 South Spadra.

Mary Elizabeth Roberson has purchased the handsome residence of W. C. Perry at 118 Glenwood avenue, the consideration being \$5000. It is one of the most desirable homes in the city. O. W. Snellgrove has purchased the residence and lot at 338 East Amerigo avenue of J. W. and Susie H. Stanbe. Both sales were made through the agency of Pinson & Thurber.

BRIDGES IN HUMBOLDT COUNTY  
The highway commission has allotted sufficient funds, which, together with the contributions made by the supervisors of Humboldt county, will permit the building of permanent bridges in that county, according to plans and specifications already approved by the commission.

Large acreage of young Valencia coming into bearing that are going to be heard from with a large output in a very few years.

The annual meeting of the Anaheim Orange and Lemon association has been called for tomorrow at 1 p. m.

## STARTING NEW HOUSE

Placentia Will Have Fine  
New Citrus Packing  
House

PLACENTIA, Nov. 20.—The stockholders of the Placentia Mutual Orange Association have "started something." They started the building of what will be the biggest establishment in the town, and one of the biggest and finest citrus packing houses in the state. It will also be, for a time at least, the most modern and complete, for nothing that will add to convenience or efficiency will be omitted.

Shepherd & Hammi of Pasadena will have charge of the construction on a time and material basis, and will employ local help and sublet to local help and sublet to local people as far as they can.

The new building will measure 100x237 feet. It will be built close to the Santa Fe tracks, on the west side of Melrose, with an artistic colonial front facing east. The construction will be of steel, concrete and hollow tile.

Every approved mechanical feature will be installed, three big sweat rooms will be built into the basement, and the offices and rest rooms will be fitted with the best of everything.

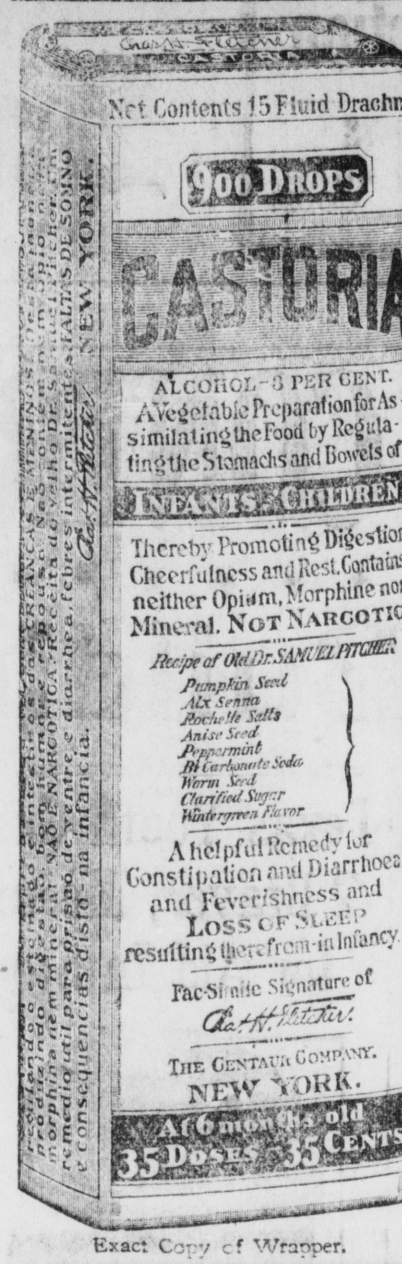

\$200,000 WILL BE  
THE TOTAL COST

(Continued from Page Nine)

inn style of architecture, with three stories and a basement, as agreed upon several weeks ago. The size and arrangements of the rooms, furnishings, and general building arrangements are those which have been tested out and proven the best in the Lincoln chain of hotels throughout the country, assuring the new hostelry a homelike tone of elegance and convenience which the high class tourist trade demands.

The new specifications just accepted provide for seventy guest rooms, large lobby, and a beautiful large dining room, a duplicate in arrangement of the Maryland hotel at Pasadena, with movable partitions.

With the general contract let, specifications for heating and plumbing systems are now ready for figuring by contractors, and later on contracts for finish hardware, lighting fixtures, etc., will be let.

Pleasure Craft at Anchor in Newport Bay

To spend the winter at Newport-Balboa beaches, with their 100% "water climate," is one of the delights of California just now being realized by many people, although permanent beach residents and others have long known that the beach climate is the best the year 'round—warmer in winter and cooler in summer.

"The winter is the best season of the year at the beach," said one prominent Santa Ana man while enjoying a day at Newport-Balboa, and this sentiment is echoed by many members of the "winter colony" which is fast filling up the available houses and apartments.

People who wintered last year at Newport-Balboa are coming again, and more than two dozen houses have been taken for the next six months by people arriving within the last fortnight. And more are coming every day.

Here they find substantial, comfortable homes, with gas, lights, electricity, and all modern conveniences; good school facilities for the children, a great big sand pile for the little ones, and all the pleasures of ocean, beach, and bay for every member of the family; ocean bathing every day in the year; canoes, rowboats, sailboats and launches ever at their disposal; a fine 18-hole golf course just across the

# Spend the Winter in Newport and Balboa The All Year Round Beach Resort Houses & Apartments for Everybody

bay at the Country Club; unexcelled climatic conditions morning, noon and night; and wonderful scenic pleasures all around.

Who wouldn't be glad to spend the winter at Newport-Balboa!

Close to Santa Ana and other Orange county towns, within easy reach of Los Angeles and the rest of Southern California, with good stage and P. E. car service, and connected with Orange county's wonderful good roads system, Newport-Balboa offer exceptional advantages for the winter resident.

When your friends look in vain for a house in Santa Ana, Orange, Anaheim or Fullerton, we ask that you refer them to Newport-Balboa while there are still plenty of houses to choose from. They will thank you for sending them to such a delightful spot, and you will be happy to have them near and in the knowledge that You and They are helping to make Orange County grow.

Isn't it better to have your friends near—in Orange county—rather than to let them seek homes elsewhere, farther from you and outside of Orange county?

Please send your friends to Newport-Balboa where, this early in the winter season, a house to suit their desires and means can be found.

**LEGAL NOTICES.**  
NOTICE FOR BIDS  
Notice is hereby given, that sealed bids will be received by the Clerk of the Board of Supervisors of Orange County, at his office until 10 o'clock A. M. of December 2, 1919, for the construction of a cow-shed at the County Farm, in the County of Orange. Plans and specifications for this work are on file in the office of said Board, to which bidders are hereby referred. All bidders will be afforded opportunity to examine such plans, specifications and working details and said Board will award the contract to the lowest responsible bidder, and the person, firm or corporation to whom the contract shall be awarded must perform the work in accordance with said plans, specifications and working details unless the same be modified by the Board of Supervisors in the manner provided by law. The successful bidder will be required to enter into a contract with the County of Orange for the performance of said work within ten days after such contract is awarded to him, and to complete the same within sixty days thereafter. Bond for the faithful performance of the contract, equal to twenty-five per cent of the total amount thereof, together with a bond for the security of materialmen and laborers, equal to fifty per cent of the amount thereof, will be required of the contractor. Right is reserved to reject any and all bids.  
(SEAL) J. M. BACKS,  
County Clerk and ex-officio Clerk of the Board of Supervisors of Orange County, California.

No. 37555  
**NOTICE OF SALE OF REAL ESTATE BY ADMINISTRATOR AT PRIVATE SALE.**  
In the Superior Court of the State of California in and for the County of Los Angeles.  
In the Matter of the Estate of Francis M. Sinsbaugh, Deceased.  
Notice is hereby given that the undersigned administrators of the estate of Francis M. Sinsbaugh, deceased, will sell at private sale to the highest bidder upon the terms and conditions hereinafter set forth, all the real and personal property of said deceased, to-wit: the right, title or interest of the estate of said Francis M. Sinsbaugh, deceased, at the time of his death, and all the right, title and interest that said estate has by operation of law, or otherwise acquired, other than by addition to the decedent at the time of his death, of, in, or to, that certain piece or parcel of land described as follows, to-wit:  
Lot eight (8) Block 224 of Section "A," Newport Beach, in the County of Orange, State of California, as per map thereon recorded in Book 4, page 21 of Miscellaneous Maps, Records of Orange County, California.  
Terms and conditions of sale, cash in gold coin of the United States, ten per cent of the purchase money to be paid at the time of sale, balance on confirmation of sale.  
All bids or offers must be in writing.

Notice is hereby given, that the Board of Trustees of the City of Santa Ana, California, will receive sealed bids for the sale of the City Garbage collected by the City and delivered at City limits, for the term of one year.  
For information on same, call at Sanitarium Inspector's office, City Hall Building.  
Bids will be received at the office of the City Clerk, on the 24th day of November, 1919, marked "Bid on City Garbage."  
All bids must be accompanied by a certified check for 5 per cent of the bid, payable to the City of Santa Ana, California.  
The Board of Trustees reserves the right to reject any or all bids.  
E. L. VEGLEY, City Clerk.

**NOTICE INVITING BIDS**

# Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of

## LYKO

The Great General Tonic

It enriches the blood—gently stimulates heart, liver and kidneys to normal activity—brings back your pep, punch and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy.

LYKO is a distinctive preparation, scientifically correct in its combination of medicinal ingredients, and there is nothing more invigorating, more strengthening or more rebuilding. Specially beneficial for invalids, convalescents and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

Sole Manufacturers: Lyko Medicine Co. New York, Kansas City, Mo.

# Opportunity

Opportunity is view point—the way you look at things—the farsightedness of your mental vision.

There is nothing concrete nor tangible about opportunity. It is a latent quality of knowledge. The more a man knows, the more opportunity he discovers in his knowledge.

Acquaintance with the possibilities of usefulness of the Federal Reserve System, of which this bank is a member, unfolds endless opportunities to manufacturer, producer, merchant and the general public. It opens doors of opportunity that the business man has always considered to be irrevocably sealed to him.

Affiliation with this bank has the promise of the development of opportunity into the concrete form of business expansion.

# MAY TAKE POWER GIRLS SEPARATE LINE OVER H. B. RIGHT OF WAY

P. E. Officials Here Yesterday In Conference With Council Committee

Removal of the high power line on South Main street and paving of its right of way on East Fourth street by the Pacific Electric are assurances the City Council has today as the result of the visit here of officials of the company Tuesday afternoon.

Various other matters concerning matters pertaining to city improvements in which the company is directly interested were discussed by the officials with Mayor John G. Mitchell and Councilman C. H. Chapman, as a committee appointed by the council to confer with the officers.

Nothing of a definite character was done with reference to the paving program on North Main street, the officials feeling that they did not have authority to state what action the company would take on this street.

The P. E. officials were H. B. Titcomb, vice president; Frank Kary, chief counsel; E. C. Johnson, chief engineer; O. A. Smith, general passenger agent; J. C. McPherson, assistant general superintendent and O. P. Davis, superintendent. They came down in a private car and were in the city for about two hours, an hour and a half of which time was devoted to a conference with the council committee at the city hall.

Neither the city council committee nor the officials were clothed with sufficient authority to decide anything definitely, and the conference was for the purpose of discussing matters that have long been under discussion in this city in which the company is vitally interested. Proposed improvements here were set forth in full by the committee, including the paving of Fourth and Main streets and the situation developed here recently as a result of the high power line of the company operating to Newport by way of Main street.

### Point Not Settled

The P. E. officials felt confident that there would be no trouble on the score of the company paving its double track right of way on East Fourth street, but it could not go as far as to operations on North Main. That is a point which is yet to be settled by higher-ups.

Removal of the company's power plant at Fifth and Lacy to a point in the western part of the city was a question that had not been suggested to them before and they were not prepared to make a definite proposition. Removal of the line on Main street was discussed at some length and some of the officials voiced the view that the line could be changed to follow the P. E. right of way of the Huntington Beach line out of the city, to connect with the present line on Main street, probably at Delhi or just outside the city limits.

The councilmen were assured, as far as assurance could come from the representatives here, that something would be done to eliminate the objectionable power line from Main street.

The city council has dropped all intention of proceeding with the Main street paving until after the winter rains are over, but it is the intention to work out details so that when the time comes for action the decks will be cleared.

# BANKERS TO ATTEND SAN DIEGO MEETING

A good many Orange county bankers will attend the convention of Group Four of the California Bankers' Association, which is to meet in San Diego during San Diego's Transcontinental Railway Week celebration, December 1 to 5.

About 250 bankers of Riverside, Orange, Imperial, San Bernardino and San Diego counties will attend. A feature of the convention will be a banquet at the U. S. Grant hotel. Frank J. Belcher of San Diego will be one of the speakers. W. B. Clancy of Riverside is chairman of the group.

Business sessions of the convention will be short. In order that the delegates may take a full part in the railway celebration. They will be invited to accompany the San Diego party to the Imperial Valley, December 5, for the last two days of the festa.

# NATIONWIDE CAMPAIGN ON RADICALS FAVORED

PHOENIX, Ariz., Nov. 20.—A nationwide campaign by city, county, state and federal authorities, against all forms of radicalism, was advocated today by Governor Thomas Campbell of Arizona in a statement given the press.

Declaring the radicals thrive on publicity, he urged that the campaign be carried on quietly until the country is rid of such elements.

He expressed the hope that the recent raids on I. W. W. were merely a preliminary to a "well directed and systematic crusade having for its unflinching determination the extermination of these human vermin."

# TRIAL OF BANKER MAY BE CONDUCTED IN L. A.

LOS ANGELES, Nov. 20.—A strong effort to have the trial of Chas. L. Williams, San Diego banker, transferred to Los Angeles from San Diego will be made in the federal district court here, it became known today. Williams is charged with misappropriating large amounts from the funds of a San Diego bank.

Pretty High School Misses Sell Tickets For Cadet Band Entertainments

While the High School Cadet Band of forty-five pieces played lively airs at the corner of Fourth and Main streets, fifty of Santa Ana's pretty high school girls "worked" the business district yesterday noon in a campaign to sell tickets for the entertainments to be given at the Temple Monday and Tuesday evening of next week.

The Chamber of Commerce is backing the entertainments, the purpose of which is to raise a fund to buy the band boys uniforms. This organization of musicians is ready to co-operate in all public movements and is becoming a fine band.

Uniforms for the members will put the band in position to make a splendid showing when it appears in public and pride of the citizens should induce liberal support for the two evenings of entertainment, it is argued. The girls soliciting the purchase of tickets were assigned to certain blocks and the canvass was completed quickly, with most gratifying results.

# FIRE EXTINGUISHED IN P. E. BEACH CAR

HUNTINGTON BEACH, Nov. 20.—About 8 o'clock Tuesday morning the regular P. E. car due about that time from Los Angeles arrived at the depot with the rear end of the car on fire. An alarm was turned in to the fire department and in a very few minutes the boys with their chemical truck and hose were on the job with a stream turned on the burning car, and the fire was soon extinguished. The cause of the fire was attributed to the burning out of the motors. A working crew pulled the damaged car on to the siding and in about two hours a crew from Los Angeles arrived and took the car to the shops for repairs. This was the first fire excitement for Huntington Beach for a long time.

There are still more leases being signed up for oil land, and H. A. Bowman signed up for his property Tuesday, Lot 3201 North Side Villa tract. One party stated that he had known for years that there was oil under this mesa but that the prices did not justify the expense of opening up the field, but now that oil is higher and the present demand greater it was an opportune time to begin work here.

Some material was hauled by trucks Monday to a point near the City reservoir where the sinking of the first well is to begin in a short time, according to rumor.

The amount of cash being paid in options and the number of companies taking leases on land all about here warrants the belief that derricks will soon be in sight and bona fide operations under way which will mean much for the development of this part of the county.

C. J. Porter arrived from Inyo county Sunday evening, where he has a fine ranch.

C. S. Bundschuh, the local undertaker shipped the body of Orla D. Sells Tuesday to Bethel, Ohio. The father of the young man returned with the body.

Mr. Sells was quite positive that his son did not kill himself, but all evidence points to the fact that he did. The empty shell from his revolver was found by C. J. Andrews about two feet from where the body lay.

C. W. Warner has completed the minor census of the school district and finds that there are 562 minors, 327 of which are attending school besides 39 between 15 and 20 who are in school. There are 377 heads of families in this district, and 6 minors in private schools, 509 native born and 51 foreign born, 9 of whom are Japs.

# 'SYRUP OF FIGS' IS LAXATIVE FOR CHILD

Look at Tongue! Remove Poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. # BIG COLLEGE FUND CAMPAIGN IS ENDED

MILWAUKEE, Nov. 20.—Wisconsin today completed a plan that has attracted or will attract the attention of the entire educational field in the United States.

This was the final day in a week's drive to raise \$5,000,000, for the Wisconsin Colleges Associated, an affiliation of the University of Wisconsin, Marquette university and minor colleges of the state of all denominations.

The money is to be paid during a period of five years by all subscribers to the fund and is to be used in paying higher salaries to faculty members, to insure the teaching of a better Americanism and inculcate higher ideals in the minds of the students.

The plan may be tried in other states. Dr. Frank W. Gunsaulus, president, Armour Institute of Technology, Chicago, and other leading educators of the country used their influence in making the campaign a success.

# Here Is History of Peace Treaty Since War Closed

WASHINGTON, Nov. 20.—Following is the history of the peace treaty with Germany:

Nov. 11, 1918—Armistice signed.  
Jan. 18, 1919—Peace conference opens in Paris.  
May 7—Treaty handed to German delegates.  
June 28—Treaty signed by Allies and Germany at Versailles.  
July 10—President Wilson—lays treaty before senate in person.  
July 15—Senate foreign relations committee begins consideration of it.  
Sept. 3—President Wilson begins

nation-wide tour in behalf of treaty.

Sept. 19—Senate foreign relations committee reports it to the senate with amendments and four reservations.

Sept. 12—Formal reading of treaty begins in senate.

Sept. 26—President Wilson breaks down at Wichita, Kan., on his speaking trip and starts back to Washington.

Oct. 2—First of proposed textual amendments defeated by the senate.  
Oct. 20—Formal reading completed.  
Nov. 5—Last of attempts to amend fails.

Nov. 6—Senator Lodge offers fifteen reservations to be included in resolution of ratification, including preamble requiring written assent of three allies to reservations.

Nov. 15—Senate adopts cloture motion to limit treaty debate for first time in history.

Nov. 18—Senate sitting in committee of the whole finishes work of drafting resolution of ratification containing Lodge reservations.

Nov. 19—Resolution of ratification presented to the senate and defeated.

GETS DEFAULT JUDGMENT.

Judgment by default, in the sum of \$246 and costs, stands entered in justice court today in favor of J. R. Fowler, who brought suit against J. A. Lawrence to recover on a promissory note. Lawrence now is in Madera county.

Spencer Corset, 801 Spurgeon St.

# LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

# Chamberlain's Tablets

# A Silent Toilet for Your Home

How often have you felt the embarrassment of the old-fashioned, noisy toilet? Why put up with this annoyance, when you can have us install an absolutely noiseless toilet made by Thomas Maddock's Sons Company?

We'll furnish an estimate, and tell you all you need to know about this modern fixture. Feel free to ask us. It won't obligate you in the slightest, and it will afford us genuine pleasure to be able to serve you.
